ἐγὼ μὲν δὴ ταῦθ' ὑμῖν παραινῶ, καὶ εἶγε [p. 486] ὑπατεύων ἔτυχον, πάντως ἂν καὶ ἐποίησα, καθάπερ καὶ πρότερον, ὅτε καὶ τὸν Καπιλίαν καὶ τὸν Λέντουλον, αὐτῷ τούτῳ προσήκοντα 43. ἐπιβουλεύσαντας 177 ὑμῖν ἡμυνάμην. εἰ δέ τις ὑμῶν ταῦτα μὲν ὀρθῶς ἠγεῖται λέγεσθαι, πρέσβεις δὲ πρότερον ἡμᾶς πρὸς αὐτὸν ἀποστεῖλαι δεῖν οἶεται, καὶ ἔπειτα μαθόντας τὴν γνώμην αὐτοῦ, ἂν μὲν ἐκὼν ἀπαλλάττηται τῶν ὅπλων καὶ 178 ὑμῖν αὐτὸν ἐπιτρέπη, τὴν ἡσυχίαν [2] ἄγειν, ἂν δὲ ἐπὶ τῶν αὐτῶν ἐπιμένῃ, τότε καὶ τὸν πόλεμον αὐτῷ ψηφισθῆναι 'ταῦτα γὰρ πυνθάνομαί τινας παραινέσαι ὑμῖν ἐθέλειν', λόγῳ μὲν εὐπρεπέστατον, 179 τῷ δὲ ἔργῳ καὶ αἰσχρὸν καὶ ἐπικίνδυνον τῇ πόλει πρᾶγμα ποιεῖ. πῶς μὲν γὰρ οὐκ αἰσχρὸν κήρυξιν ὑμᾶς καὶ πρεσβείαις πρὸς [3] τοὺς πολίτας χρῆσθαι; τοῖς μὲν γὰρ ἀλλοφύλοις καὶ ἐπικηρυκεύεσθαι καὶ διαπρεσβεύεσθαι δεῖ πρότερον καὶ ἀναγκαῖόν ἐστι,

1. τοιαῦτα τοῦ Κικέρωνος εἰπόντος ὁ Καλῆνος ὁ Κύντος ὁ Φούφιος ἀνέστη καὶ ἔλεξεν: ἄλλως μὲν οὐδὲν οὐθ' ὑπὲρ Ἀντωνίου τι ἀπολογήσασθαι οὔτε Κικέρωνος καθάψασθαι ἐδεόμην. οὐδὲ γὰρ οὐδ' ἡγοῦμαι δεῖν ἐν ταῖς τοιαύταις σκέψεσιν οἷα ἡ παροῦσα ἐστὶν οὐδέτερον αὐτῶν ποιεῖν, ἀλλ' ἀπλῶς ἃ τις φρονεῖ ἀποφαίνεσθαι: ἐκεῖνα μὲν γὰρ δικαστηρίου, ταῦτα δὲ συμβουλίας ἔργα ἐστίν. [2] ἐπειδὴ δὲ οὗτος τὸν τε Ἀντώνιον κακῶς διὰ τὴν ἔχθραν τὴν ὑπάρχουσάν σφισι λέγειν ἐπεχείρησεν, ὃν ἐχρῆν, εἴπερ τι ἡδίκηκει, ἐσηγγελκέναι, [p. 4] καὶ προσέτι καὶ ἐμοῦ διαβόλως ἐμνημόνευσεν, ὡς οὐκ ἂν ἄλλως τὴν ἑαυτοῦ δεινότητα διαδείξας εἰ μὴ τινὰς ἀνέδην προπηλακίσειε, [3] προσήκει καὶ ἐμοὶ τὰ μὲν ἀπολύσασθαι τὰ δὲ ἀνταιτιάσασθαι, ἵνα μήτε τοῦτον ἢ τε οἰκεία θρασύτης ἀντιλογίας ἀμαρτοῦσα καὶ ἡ ἐμὴ σιωπὴ πονηροῦ συνειδότος ὑποψίαν λαβοῦσα ὠφελήσῃ, μήθ' ὑμεῖς ἀπατηθέντες ὑφ' ὧν εἶπεν χεῖρον βουλευσῆσθε, τὴν ἰδίαν αὐτοῦ πρὸς τὸν Ἀντώνιον ὀργὴν ἀντὶ τῶν κοινῇ συμφερόντων ἀντικαταλλάξαμενοι. 2. οὐδὲ γὰρ ἄλλο γε οὐδὲν διαπραῖξαι βούλεται ἢ ἵνα ἡμεῖς, τὸ τὰ ἀσφαλέστατα τῷ κοινῷ προῖδεῖν ἀφέντες, στασιάσωμεν αὐθις. τοῦτο γὰρ οὐ νῦν πρῶτον ποιεῖ, ἀλλὰ ἀπ' ἀρχῆς, ἀφ' οὔπερ πρὸς τὴν πολιτείαν προσῆλθεν, ἄνω [2] καὶ κάτω ταραττων διατετέλεκεν. ἦ γὰρ οὐχ οὗτός ἐστιν ὁ τὸν τε Καίσαρα τῷ Πομπηίῳ συγκρούσας καὶ τὸν Πομπήιον τῷ Καίσαρι καταλλαγήναι κωλύσας; ὁ πείσας μὲν ὑμᾶς ἐκεῖνα κατὰ Ἀντωνίου ψηφίσασθαι δι' ὧν παρῶξυνε τὸν Καίσαρα, πείσας δὲ τὸν Πομπήιον τὴν τε Ἰταλίαν [3] ἐκλιπεῖν καὶ ἐς τὴν Μακεδονίαν μετοικῆσαι; ὅπερ πού αἰτιώτατον πάντων τῶν μετὰ ταῦτα συμβάντων ἡμῖν κακῶν ἐγένετο. οὐχ οὗτός ἐστιν ὁ τὸν τε Κλώδιον διὰ Μίλωνος ἀποκτείνας καὶ τὸν Καίσαρα διὰ Βρούτου φονεύσας; ὁ τὸν τε Κατίλιναν ἐκπολεμώσας ἡμῖν καὶ

τὸν Λέντουλον 3. ἄκριτον ἀπολέσας; ὅθεν ἔγωγε καὶ πάνυ ἂν ὑμῶν θαυμάσαιμι, εἰ τότε ἐπ’ ἐκείνοις μεταγνόντες καὶ δίκην παρ’ αὐτοῦ λαβόντες, εἴτα καὶ νῦν ὅμοια [p. 6] [2] αὐτῷ καὶ λέγοντι καὶ πράττοντι πεισθήσεσθε. ἢ οὐχ ὁρᾷτε ὅτι καὶ μετὰ τὸν τοῦ Καίσαρος θάνατον, ὅτε μὲν τὰ πράγμαθ’ ἡμῶν δι’ Ἀντώνιον ὅτι μάλιστα, ὥς οὐδ’ αὐτὸς ἀρνήσασθαι δύναται, κατέστη, ἀπεδήμησε, καὶ ἀλλότριον καὶ ἐπικίνδυνον ἑαυτῷ τὸν τῆς ὁμονομίας ἡμῶν βίον εἶναι νομίζων; ἐπεὶ δὲ τεταραγμένα αὐτὰ αὐθις ἦσθετο, μακρὰ χαίρειν τῷ τε υἱεῖ καὶ ταῖς Ἀθήναις φράσας [3] ἐπανήλθε; καὶ τὸν μὲν Ἀντώνιον, ὃν τέως ἀγαπᾶν ἔλεγεν, ὑβρίζει καὶ λοιδορεῖ, τῷ δὲ δὴ Καίσαρι, οὗ καὶ τὸν πατέρα ἀπέκτεινε, συναίρεται κἂν οὕτω τύχη, κάκεινῳ οὐκ ἐς μακρὰν [4] ἐπιθήσεται; ἄπιστός τε γὰρ φύσει καὶ ταραχώδης ἐστί, καὶ οὔτε τι ἔρμα ἐν τῇ ψυχῇ ἔχει καὶ πάντα ἀεὶ κυκᾷ καὶ στρέφει, πλείονας μὲν τροπὰς τρεπόμενος τοῦ πορθμοῦ πρὸς ὃν ἔφυγεν, ἐφ’ ὧπερ καὶ αὐτόμολος ἐπωνομάσθη, πάντας δὲ ὑμᾶς ἀξιώων καὶ φίλον καὶ ἐχθρὸν νομίζειν ὃν ἂν αὐτὸς κελεύσῃ. 4.

διὰ μὲν δὴ ταῦτα φυλάττεσθε τὸν ἄνθρωπον. γόης γάρ ἐστι καὶ μάγος, καὶ ἐκ μὲν τῶν κακῶν τῶν ἀλλοτρίων καὶ πλουτεῖ καὶ αὖξει, συκοφαντῶν ἔλκων σπαράττων τοὺς μηδὲν ἀδικοῦντας ὥσπερ οἱ κύνες, ἐν δὲ δὴ τῇ κοινῇ ὁμονομίᾳ ἀπορεῖ καὶ φθίνει; οὔτε γὰρ ἡ φιλία οὐθ’ ἡ εὐνοία ἡμῶν ἢ πρὸς ἀλλήλους τοιοῦτον δύναται τρέφειν ῥήτορα. [2] ἐπεὶ πόθεν ἄλλοθεν πεπλουτηκέναι αὐτὸν οἴεσθε, πόθεν μέγαν γεγονέναι; οὐ γὰρ που καὶ ὁ πατήρ αὐτῷ ὁ κναφεύς, ὁ τὰς τε σταφυλὰς καὶ [p. 8] τὰς ἐλαίας ἀεὶ ποτε ἐργολαβῶν, ἢ γένος ἢ πλοῦτον κατέλιπεν, ἄνθρωπος ἀγαπητῶς ἔκ τε τούτων [3] καὶ ἐκ τῶν πλυνῶν διατρεφόμενος, καὶ καθ’ ἐκάστην ἡμέραν καὶ νύκτα τῶν αἰσχίστων ἀναπιμπλάμενος. ἐν οἷς αὐτὸς τραφεὶς οὐκ ἀπεικότως τοὺς κρείσσονας αὐτοῦ καὶ πατεῖ καὶ πλύνει, λοιδορίας τισὶν ἐξ ἐργαστηρίων καὶ τριόδων ἐπιτετηδευμέναις χρώμενος. 5.

εἴτα τοιοῦτος αὐτὸς ὢν, καὶ γυμνὸς ἐν γυμνοῖς αὐξηθεὶς, καὶ οἰσπώτας καὶ ὑσπελέθους καὶ σπατίλας συλλέγων, ἐτόλμησας, ὧ μιαρώτατε, πρῶτον μὲν τὴν τοῦ Ἀντωνίου ὥραν διαβαλεῖν, ἀνθρώπου καὶ παιδαγωγοῖς καὶ διδασκάλοις κατὰ τὴν τοῦ γένους ἀξίαν κεχρημένου, ἔπειτα δὲ κατηγορῆσαι ὅτι τὰ Λυκαῖα τὴν πάτριον ἐορτὴν ποιῶν [2] γυμνὸς ἐς τὴν ἀγορὰν ἐσῆλθεν; ἀλλὰ τί, ὧ πάσαις μὲν ταῖς ἀλλοτρίαις ἐσθῆσι διὰ τὴν πατρῶαν τέχνην ἀεὶ χρησάμενος, ὑφ’ ἀπάντων δὲ τῶν ἀπαντῶντων καὶ γνωριζόντων αὐτὰς ἀποδυθεὶς, ἐχρῆν ποιῆσαι ἄνθρωπον μὴ μόνον ἱερέα ἀλλὰ καὶ ἡγεμόνα τῶν συνιερέων ὄντα; μὴ πέμψ’ τὴν πομπήν, μὴ ἐορτάσαι τὴν ἐορτήν, μὴ θῦσαι κατὰ τὰ πάτρια, μὴ γυμνωθῆναι, μὴ ἀλείφασθαι [3] ‘ἀλλ’ οὐ τοῦτ’ αὐτῷ,’ φησὶν, ‘ἐγκαλῶν, ἀλλ’ ὅτι τε γυμνὸς ἐν τῇ ἀγορᾷ καὶ ὅτι τοιαῦτα ἐδημηγόρησε.’ πάνυ γὰρ πάντα τὰ προσήκοντα ἀκριβῶς ἐν τῷ κναφείῳ μεμάθηκεν, ἵνα καὶ ἀμαρτήματός τινος ἀληθινοῦ αἰσθάνηται καὶ ἐπιτιμᾶν αὐτῷ δικαίως δύνηται. [p. 10] 6.

ἐγὼ δὲ ὑπὲρ μὲν ἐκείνων μετὰ ταῦτα ἃ προσήκει πάντα ἐρῶ, τοῦτον δὲ ἐν τῷ παρόντι ἀνερέσθαι τι βούλομαι. οὐ σὺ μέντοι ἔν τε τοῖς ἀλλοτρίοις κακοῖς ἐντέθραψαι καὶ ἐν ταῖς τῶν πέλας συμφοραῖς [2] ἐκπεπαιδευσαι, καὶ διὰ τοῦτο ἐλευθέριον μὲν μάθημα οὐδὲν ἐπίστασαι, συνέδριον δὲ τι κατασκευάσας ἐνταῦθα ὥσπερ αἱ πόρνοι τὸν δῶσοντά τι αἰεὶ ἀναμένεις, καὶ προσαγωγέας τῶν λημμάτων πολλοὺς ἔχων πολυπραγμονεῖς τίς τινα ἡδίκηκεν ἢ δοκεῖ γε ἡδίκηκεναι, τίς τινα μισεῖ, τίς [3] τίνι ἐπιβουλεύει; καὶ τοῦτοις συναίρη, καὶ διὰ τούτων τρέφῃ, πωλῶν μὲν αὐτοῖς τὰς παρὰ τῆς τύχης ἐλπίδας, ἐργολαβῶν δὲ καὶ τὰς τῶν δικαστῶν ἀποφάσεις, καὶ φίλον μὲν μόνον τὸν τὸ πλεον αἰεὶ διδόντα, ἐχθροὺς δὲ δὴ πάντας τοὺς ἀπράγμονας ἢ καὶ ἄλλω τινὶ συνηγόρῳ χρωμένους [4] νομίζων, καὶ τοὺς μὲν ἐν χερσὶν ἤδη ὄντας οὐδ' εἰδέναι δοκῶν, ἀλλὰ καὶ δι' ὄχλου ποιούμενος, τοὺς δ' ἄρτι προσιόντας σαίνων καὶ γελῶν ὥσπερ αἱ πανδοκεῦτραι. 7.

καὶ πόσω κρεῖττον ἦν καὶ σὲ Βαμβαλίωνα γεγονέναι, εἴ γέ τις ὁ Βαμβαλίων οὗτός ἐστιν, ἢ τοιοῦτον ἐπανηρῆσθαι βίον ἐν ᾧ πᾶσα ἀνάγκη ἦτοι τὸν ὑπὲρ τοῦ δικαίου λόγον πωλεῖν ἢ καὶ [2] τοὺς ἀδικοῦντας σώζειν; καίτοι σύγε οὐδὲ ταῦτα καλῶς ποιεῖν, καίπερ τρία ἐν Ἀθήναις ἔτη κατατρίψας, δύνασαι. ποῦ; πόθεν; ὅστις ὑποτρέμων [p. 12] αἰεὶ πρὸς τὰ δικαστήρια προσέρχῃ καθάπερ ὀπλομαχεῖν μέλλων, καὶ φθειγόμενος ταπεινὸν τι καὶ τεθνηκὸς ἀπαλλάττει, μὴθ' ὧν οἴκοθεν ἐσκεμμένος ἦκεις μνημονεύων, μήτε ἐκ τοῦ παραχρῆμά τι [3] εἰπεῖν εὐρίσκων. ἐς μὲν γὰρ τὸ φῆσαι καὶ ὑποσχέσθαι τι θρασυτέτι πάντας ἀνθρώπους ὑπερβάλλεις, ἐν δὲ δὴ τοῖς ἀγῶσιν αὐτοῖς, ἔξω τοῦ λοιδορῆσαι τινα καὶ κακῶς εἰπεῖν, καὶ ἀσθενέστατος καὶ δειλότατος εἶ. ἢ οἶει τινὰ ἀγνοεῖν ὅτι μηδὲνα τῶν θαυμαστῶν σου τούτων λόγων οὐς ἐκδέδωκας εἴρηκας, ἀλλὰ πάντας αὐτοὺς μετὰ ταῦτα συγγέγραφας, ὥσπερ οἱ τοὺς τε στρατηγοὺς καὶ τοὺς ἱπάρχους τοὺς πηλίνους πλάττοντες; [4] εἰ δ' ἀπιστεῖς, ἀναμνήσθητι πῶς μὲν τοῦ Ουέρρου κατηγορήσας, καίπερ καὶ ἐκ τῆς τέχνης τι τῆς πατρώας αὐτῷ παρασχών, ὅτε ἐνούρησας.

ἀλλὰ γὰρ ὁκνῶ μὴ τὰ προσήκοντά σοι ἀκριβῶς λέγων αὐτὸς οὐ προσήκοντας ἐμαυτῷ 8. λόγους ποιῆσθαι δόξω. ταῦτα μὲν οὖν ἐάσω, καὶ νῆ Δία καὶ τὸν Γαβίνιον, ᾧ τοὺς κατηγοροὺς παρασκευάσας ἔπειτα οὕτω συνείλες ὥστ' αὐτὸν καταδικασθῆναι, τὰ τε συγγράμματα ἃ κατὰ τῶν φίλων συγγράφεις, ἐφ' οἷς οὕτω σαυτῷ ἀδικοῦντι σύνοισθα ὥστε μηδὲ δημοσιεῦειν αὐτὰ τολμᾶν. καίτοι καὶ σχετιώτατον καὶ ἐλεεινότατόν ἐστι μὴ δύνασθαι ταῦτα ἀρνήσασθαι ἃ πάντων αἰσχιστόν [2] ἐστιν ὁμολογῆσαι. ἀλλ' ἐγὼ ταῦτα μὲν παραλείψω, τὰ δὲ δὴ λοιπὰ ἐπεξάξω. [p. 14] ἡμεῖς μὲν γάρ, καίπερ δισχίλια τῷ διδασκάλῳ πλέθρα τῆς Λεοντίνων γῆς, ὡς φῆς, δεδωκότες, οὐδὲν ἄξιον αὐτῶν ἐμάθομεν: τὰ δὲ δὴ σὰ παιδεύματα [3] τίς οὐκ ἂν θαυμάσειεν; τίνα δ' ἐστὶ ταῦτα; φθονεῖς αἰεὶ τῷ κρείττονι, βασκαίνεις αἰεὶ τὸν προήκοντα, διαβάλλεις τὸν προτετιμημένον, συκοφαντεῖς τὸν δεδυνημένον, καὶ μισεῖς μὲν τοὺς ἀγαθοὺς ὁμοίως πάντας, προσποιῇ δὲ δὴ

φιλεῖν ἑκείνους μόνους δι' ὧν ἂν κακουργήσῃς τι προσδοκήσης. [4] καὶ διὰ τοῦτο τοὺς τε νεωτέρους ἐπὶ τοὺς πρεσβυτέρους αἰεὶ παροξύνεις, καὶ τοὺς πιστεῦοντάς σοι καὶ ὅτιοῦν ἐς κινδύνους προαγαγὼν προλείπεις. 9.

τεκμήριον δέ, πρᾶξιν μὲν οὐδεμίαν πώποτε ἑλλογίμου ἀνδρὸς ἀξίαν, οὐτ' ἐν πολέμῳ οὔτε ἐν εἰρήνῃ, πέπραχας· ποίους μὲν γὰρ πολέμους ἐνίκησαμεν σοῦ στρατηγοῦντος, ποίαν δὲ χώραν ἐκτησάμεθα σοῦ ὑπατεύοντος; ἐξαπατῶν δὲ αἰεὶ τινὰς τῶν πρώτων καὶ σφετεριζόμενος ἰδίᾳ μὲν διὰ τούτων πολιτεύῃ καὶ πάνθ' ὅσα βούλει [2] διοικεῖς, δημοσίᾳ δὲ βοᾷς ἄλλως, κεκραγώς τοὺς μιαροὺς ἑκείνους λόγους 'ἐγὼ μόνος ὑμᾶς φιλῶ,' καὶ εἰ οὕτω τύχοι, 'καὶ ὁ δεῖνα, οἱ δ' ἄλλοι πάντες μισοῦσι,' καὶ 'ἐγὼ μόνος ὑμῖν εὖνοῶ, οἱ δ' ἄλλοι πάντες ἐπιβουλεύουσι,' καὶ τὰ ἄλλα τὰ τοιαῦτα, ἐξ ὧν τοὺς μὲν ἐπαίρων καὶ φυσῶν προδίδως, τοὺς δὲ λοιποὺς ἐκπλήττων προστίθεις. 11.

ὅτι γὰρ τοῦθ' οὕτως ἔχει, καθ' ἕκαστον ὑμῖν, ὧ πατέρες, διεξιὼν ἐπιδείξω. ἔλεγέ τινα ἐν τῇ δημαρχίᾳ Ἀντώνιος ὑπὲρ τοῦ Καίσαρος; καὶ γὰρ Κικέρων καὶ ἄλλοι τινὲς ὑπὲρ τοῦ Πομπηίου. τί ποτ' οὖν τοῦτον μὲν αἰτιᾶται ὅτι τὴν φιλίαν τὴν ἐκείνου προεῖλετο, ἑαυτὸν δὲ καὶ τοὺς ἄλλους τοὺς τάναντία αὐτῷ σπουδάσαντας ἀφίησιν; ἐκώλυσέ τινα ἐκεῖνος ψηφισθῆναι τότε κατὰ τοῦ Καίσαρος; [2] καὶ γὰρ οὗτος πάνθ' ὡς εἰπεῖν ὅσα ὑπὲρ τοῦ Καίσαρος ἐγίνωσκετο. 'ἀλλ' ἐμποδῶν,' φησὶν, 'ἐγίνετο τῇ κοινῇ τῆς βουλῆς γνώμη.' καὶ πρῶτον μὲν πῶς ἂν εἷς ἀνὴρ τοσοῦτον ἴσχυσεν;

ἔπειτα δέ, εἰ καὶ κατεψηφίσθη διὰ τοῦθ' , ὥσπερ λέγει, πῶς οὐκ ἂν καὶ ἐκολάσθη; ἔφυγε γάρ, ^[3] ἔφυγε πρὸς τὸν Καίσαρα ἀπελθών. οὐκοῦν καὶ σὺ, ὦ Κικέρων, οὐκ ἀπεδήμησας νῦν ἀλλ' ἔφυγες, ὥσπερ καὶ πρότερον. ἀλλὰ μήτι γε καὶ ἐπὶ πάντας ἡμᾶς τὰ σεαυτοῦ ὄνειδῃ προπετῶς οὕτως ἄγε: φυγεῖν μὲν γὰρ ἐστὶ τοῦτο ὃ σὺ πεποίηκας, τὸ τε δικαστήριον φοβηθεὶς καὶ τὴν τιμωρίαν ^[4] αὐτὸς σαυτοῦ προκαταγνούς. ἀμέλει καὶ ἐγράφη σοι κάθοδος: πῶς μὲν καὶ διὰ τίνα, οὐ λέγω, ἐγράφη δ' οὖν, καὶ οὐ πρὶν γε ἐπέβης τῆς Ἰταλίας πρὶν ἐκείνην σοι δοθῆναι. Ἀντώνιος δὲ καὶ ἀπῆλθε πρὸς τὸν Καίσαρα μηνύσων αὐτῷ τὰ πεπραγμένα, καὶ ἐπανῆλθε μηδενὸς ψηφίσματος ^[5] δεηθεὶς, καὶ τέλος τὴν τε εἰρήνην τὴν τε φιλίαν τὴν πρὸς αὐτὸν πᾶσι τοῖς ἐν τῇ Ἰταλίᾳ τότε ^[p. 20] εὐρεθεῖσιν ἐπρυτάνευσεν: ἥς καὶ οἱ λοιποὶ ἂν μετεσχέκεσαν, εἰ μὴ σοὶ πεισθέντες ἐπεφεύγεσαν. 12. Ἐῖτα τούτων οὕτως ἐχόντων τολμᾶς λεγείν ὅτι τὸν τε Καίσαρα ἐπὶ τὴν πατρίδα ἐπήγαγε καὶ τὸν ἐμφύλιον πόλεμον ἐκίνησε καὶ τῶν μετὰ ταῦτα κακῶν αἰτιώτατος ἡμῖν ἐγένετο; οὐ μὲν οὖν, ἀλλὰ σὺ, ὅστις Πομπηίῳ μὲν καὶ στρατεύματα ἀλλότρια καὶ ἡγεμονίαν ἔδωκας, Καίσαρα δὲ καὶ τῶν δεδομένων ἀποστερεῖσαι ἐπεχείρησας: ^[2] ὅστις τῷ τε Πομπηίῳ καὶ τοῖς ὑπάτοις συνεβούλευσας τὰ μὲν προτεινόμενα ὑπὸ τοῦ Καίσαρος μὴ προσίεσθαι, τὴν δὲ δὴ πόλιν τὴν τε Ἰταλίαν ὅλην ἐκλιπεῖν: ὅστις Καίσαρα μὲν οὐδὲ ἐς τὴν Ῥώμην ἐλθόντα εἶδες, πρὸς δὲ τὸν Πομπήιον καὶ ^[3] ἐς τὴν Μακεδονίαν ἀπέδρας. καὶ οὐδὲ ἐκείνῳ μέντοι οὐδὲν συνήρω, ἀλλὰ περιδὼν τὰ γιγνόμενα ἔπειτ', ἐπειδὴ ἐδυστύχησεν, ἐγκατέλιπες αὐτόν. οὕτως οὐδὲ ἀπ' ἀρχῆς ὡς δικαιότερα αὐτῷ πράττοντι ἐβροθήσας, ἀλλὰ τὴν τε στάσιν κινήσας καὶ τὰ πράγματα ταραξάς εἴτ' ἐκ τοῦ ἀσφαλοῦς ^[4] αὐτοῖς ἐφῆδρευσας, καὶ τοῦ μὲν πταίσαντος ὡς καὶ ἀδικοῦντός τι διὰ τοῦτ' εὐθύς ἀπέστης, πρὸς δὲ τὸν κρατήσαντα ὡς καὶ δικαιότερον ἀπέκλινας. καὶ οὕτω γε, πρὸς τοῖς ἄλλοις κακοῖς, καὶ ἀχάριστος εἶ ὥστε οὐ μόνον οὐκ ἀγαπᾷς ὅτι ἐσώθης ὑπ' αὐτοῦ, ἀλλὰ καὶ ἀγανακτεῖς ὅτι μὴ καὶ ἱππάρχης. 13. Ἐῖτα ταῦτα σαυτῷ συνειδὼς τολμᾶς λέγειν ὅτι οὐκ ἐχρῆν τὸν Ἀντώνιον δι' ἔτους ἱππαρχῆσαι; οὐδὲ γὰρ τὸν Καίσαρα δι' ἔτους δικτατορεῦσαι. ^[p. 22] ἀλλ' εἴτε καλῶς εἴτε καὶ ἀναγκαιῶς ταῦτ' ἐγένετο, ἐψηφίσθη τε ὁμοίως ἀμφοτέρω καὶ ἥρεσε καὶ ^[2] ἡμῖν καὶ τῷ δήμῳ. τούτοις οὖν, ὦ Κικέρων, ἐγκάλει, εἴ τι παρενόμησαν, μὴ μὰ Δία μὴ τοῖς ὑπ' αὐτῶν τετιμημένοις ὅτι ἀξίους ἑαυτοῦς καὶ τῶν τηλικούτων τυχεῖν παρέσχον: ὡς εἶγε ὑπὸ τῶν πραγμάτων τῶν τότε ἡμᾶς περιστάντων ἠναγκάσθημεν αὐτὰ οὕτω καὶ παρὰ τὸ προσῆκον ποιῆσαι, τί τοῦτο Ἀντωνίῳ νῦν ἐπιφέρεις, ἀλλ' οὐ τότε ἀντέλεγες, εἴπερ ἐδύνασο; ὅτι ἐφοβοῦ νῆ ^[3] Δία. εἴτα σὺ μὲν τότε σιωπῆσας συγγνώμης διὰ τὴν δειλίαν τεύξῃ, οὗτος δὲ ὅτι σοῦ προετιμήθη, δίκην διὰ τὴν ἀρετὴν ὑφέξει; καὶ ποῦ ταῦτα τὰ δίκαια ἔμαθες, ἢ που ταῦτα τὰ νόμιμα ἀνέγνως; 14.

(ἀλλ' οὐκ ὀρθῶς τῇ ἱππαρχίᾳ ἐχρήσατο.) διὰ τί; 'ὅτι τὰ ὑπάρχοντα,' φησί, 'τὰ τοῦ Πομπηίου ἡγόρασε.' πόσοι δὲ ἄλλοι πόσα ἄλλα ἐπρίαντο, ὧν οὐδεὶς αἰτίαν ἔχει; καὶ γὰρ που διὰ τοῦτο καὶ ἐδημεύθη τινὰ καὶ ἐς τὸ

πρατήριον ἐξετέθη καὶ τῇ τοῦ κοινοῦ κήρυκος φωνῇ ἀπεκηρύχθη, [2] ἵνα τις αὐτὰ ἀγοράσῃ. ἄλλ' οὐκ ἐχρῆν τὰ τοῦ Πομπηίου κτήματα πεπραῖσθαι.' οὐκοῦν ἡμεῖς ἡμάρτομεν καὶ κακῶς ἐποιήσαμεν δημεύσαντες αὐτά: ἦ, ἵνα σὲ καὶ ἡμᾶς τις ἀπολύσῃ, πάντως που ὁ Καῖσαρ ἐπλημέλησεν ὁ τοῦτο γενέσθαι κελεύσας: ὧ οὐδὲν ἐπεκάλεσας. [3] ἄλλ' ἐν μὲν τούτῳ καὶ πάνυ μωραίνων ἐξελέγχεται. [p. 24] δύο γοῦν ἐναντιώτατα τοῦ Ἀντωνίου κατηγορηκεν, ἐν μὲν ὅτι πλεῖστα τῷ Καίσαρι συμπράξας καὶ πάμπολλα διὰ τοῦτο παρ' αὐτοῦ λαβὼν ἔπειτα [4] τὴν τιμὴν αὐτῶν βιαίως ἀπητήθη, ἕτερον δὲ ὅτι μήτε τοῦ πατρὸς κληρονομήσας, καὶ πάνθ' ὅσα ἐκτήσατο καταναλώσας ὥσπερ ἡ Χάρυβδις ἅει γάρ τι ἡμῖν ἐκ τῆς Σικελίας, καθάπερ ἐπιλεησμένοις ὅτι ἐς αὐτὴν ἔφυγε, παραφέρει, τὴν τιμὴν πάντων ὧν ἐπρίατο ἀπέδωκεν. 15.

ἐν μὲν οὖν τούτοις οὕτω τὰ ἐναντιώτατα αὐτὸς ἑαυτῷ λέγων ὁ θαυμαστὸς οὗτος ἐξελέγχεται, καὶ νῆ Δία καὶ ἐν ἐκείνοις, ὅτι τοτὲ μὲν πάντα αὐτὸν τὰ τῷ Καίσαρι πραχθέντα συνάρασθαι καὶ πάντων διὰ τοῦτο τῶν ἐμφυλίων κακῶν αἰτιώτατον γεγονέναι λέγει, τοτὲ δὲ ἐγκαλεῖ αὐτῷ, δειλίαν ὀνειδίζων, ὅτι μηδενὸς ἄλλου πλην [2] τῶν ἐν τῇ Θεσσαλίᾳ πραχθέντων μετέσχε. καὶ ἔγκλημά τε αὐτοῦ ποιεῖται λέγων ὅτι τῶν φευγόντων τινὰς κατήγαγε, καὶ μέμφεται αὐτὸν ὅτι μὴ καὶ τῷ θεῷ τὴν κάθοδον ἔδωκεν, ὥσπερ τινὸς πιστεύοντος ὅτι οὐκ ἂν ἐκείνον πρῶτον, εἴπερ γε καὶ ὀντινοῦν ἠδυνήθη καταγαγεῖν, ἐπανήγαγε, μήτε τι ἐγκαλῶν αὐτῷ μήτε ἐγκαλοῦμενος, [3] ὥς καὶ αὐτὸς οὗτος οἶδεν: ἀμέλει πολλὰ καὶ σχέτλια αὐτοῦ καταφευσάμενος οὐδὲν τοιοῦτον εἰπεῖν ἐτόλμησεν. οὕτω μὲν οὖν οὐδ' ὅτιοῦν αὐτῷ διαφέρει πᾶν ὃ τι ποτ' ἂν ἐπὶ τὴν γλῶτταν αὐτοῦ ἐπέλθῃ, καθάπερ τι πλῦμα, ἐκχέαι. [p. 26] 16.

ἀλλὰ ταῦτα μὲν τί ἂν τις ἐπὶ πλεῖον ἐπεξιοι; ἐπεὶ δὲ τραγωδεῖ περιῶν, καὶ νῦν γε εἴπέ που λέγων ὅτι βαρυτάτην τὴν τῆς ἱππαρχίας ὄψιν παρέσχετο, πανταχοῦ καὶ διὰ πάντων τῷ τε ξίφει ἅμα καὶ τῇ πορφύρᾳ τοῖς τε ῥαβδούχοις καὶ τοῖς στρατιώταις χρώμενος, εἰπάτω μοι σαφῶς, πῶς καὶ τί ἐκ τούτων ἠδίκημεθα. ἄλλ' οὐδὲν ἂν εἰπεῖν ἔχοι: εἰ γὰρ εἶχεν, οὐδὲν ἂν τούτου πρότερον [2] ἐξελάλησεν. πᾶν γὰρ τοῦναντίον οἱ μὲν στασιάσαντες τότε καὶ πάντα τὰ κακὰ ἐργασάμενοι Τρεβέλλιός τε καὶ Δολοβέλλας ἦσαν, Ἀντώνιος δὲ καὶ οὕτως οὔτε τι ἠδίκησε καὶ πάνθ' ὑπὲρ ὑμῶν ἔπραττεν ὥστε καὶ τὴν φυλακὴν τῆς πόλεως παρ' ὑμῶν ἐπ' αὐτοὺς ἐκείνους, οὐχ ὅπως ἀντιλέγοντος τοῦ θαυμαστοῦ τούτου ῥήτορος 'παρῆν γάρ' ἀλλὰ [3] καὶ συναινοῦντος, ἐπετράπη. ἡ δεῖξάτω, τίνα φωνὴν ἔρρηξεν ὁρῶν τὸν ἀσελγῆ καὶ μιαιφόν, ὥς αὐτὸς λοιδορεῖ, πρὸς τῷ μηδὲν αὐτὸν τῶν δεόντων ποιεῖν καὶ ἐξουσίαν τοσαύτην παρ' ὑμῶν προσλαμβάνοντα. ἄλλ' οὐκ ἂν ἔχοι δεῖξαι. οὕτω που ὁ μέγας οὗτος καὶ φιλόπολις ῥήτωρ, ὁ πανταχοῦ [4] καὶ ἀεὶ θρυλῶν καὶ λέγων 'ἐγὼ μόνος ὑπὲρ τῆς ἐλευθερίας ἀγωνίζομαι, ἐγὼ μόνος ὑπὲρ τῆς δημοκρατίας παρρησιάζομαι: ἐμὲ οὔτε χάρις φίλων οὔτε φόβος ἐχθρῶν ἀπείργει τοῦ μὴ οὐ τὰ συμφέροντα ὑμῖν προσκοπεῖν: ἐγώ, κἂν

ἀποθανεῖν ἐν τοῖς ὑπὲρ ὑμῶν λόγοις δεήσει, καὶ μάλ' ἡδέως τελευτήσω οὐδ' ὅτιοῦν τούτων ὧν νῦν βοᾷ τότε [p. 28] [5] εἵπεῖν ἐτόλμησεν. καὶ πάννυ εἰκότως: λογιζέσθαι γὰρ αὐτῷ ἐπήει τοῦτο, ὅτι τοὺς μὲν ῥαβδούχους καὶ τὸ ἔσθημα τὸ περιπόρφυρον κατὰ τὰ πατρια τὰ περὶ τῶν ὑπάρχων νενομισμένα εἶχε, τῷ δὲ δὴ ξίφει καὶ τοῖς στρατιώταις κατὰ τῶν στασιαζόντων ἀναγκαίως ἐχρήτο. τί γὰρ οὐκ ἂν τῶν δεινοτάτων ἐποίησαν εἰ μὴ τοῦτοις ἐκεῖνος ἐπέφρακτο, ὁπότε καὶ οὕτως αὐτοῦ κατεφρόνησάν τινες; 17.

ὅτι τοίνυν καὶ ταῦτα καὶ ἄλλα πάντα ὀρθῶς καὶ κατὰ τὴν γνώμην ὅτι μάλιστα τὴν τοῦ Καίσαρος ἐγένετο, δηλοῖ τὰ ἔργα: ἥ τε γὰρ στάσις οὐ περαιτέρω προεχώρησε, καὶ ὁ Ἀντώνιος οὐχ ὅσον οὐ δίκην ἐπ' αὐτοῖς ἔδωκεν ἀλλὰ καὶ ὕπατος [2] μετὰ ταῦτα ἀπεδείχθη. καὶ μοι καὶ ταύτην αὐτοῦ τὴν ἀρχὴν θεάσασθε ὡς διέθετο: εὐρήσετε γὰρ αὐτήν, ἂν τάκριβες σκοπῇτε, πάννυ πολλοῦ ἀξίαν τῇ πόλει γεγεννημένην. ὅπερ που καὶ αὐτὸς εἰδὼς οὐκ ἦνεγκε τὸν φθόνον, ἀλλ' ἐτόλμησεν ἐπὶ τούτοις αὐτὸν διαβαλεῖν ἃ καὶ αὐτὸς ἂν [3] πεποικέναι εὖξαστο. καὶ διὰ τοῦτο γε καὶ τὴν γυμνωσιν αὐτοῦ τὴν τε ἀλοιφήν τοὺς τε μύθους τοὺς παλαιοὺς ἐκείνους ἐπεσήγαγεν, οὐχ ὅτι τι προσέδει νῦν αὐτῶν, ἀλλ' ἵνα τὴν τε περιτέχνησιν αὐτοῦ καὶ τὴν κατόρθωσιν τοῖς ἔξωθεν [4] ψόφοις συσκιάσῃ. ὅστις, ὦ γῆ καὶ θεοί! μεῖζον γὰρ σοῦ βοήσομαι καὶ δικαιότερον αὐτοῦς ἐπικαλέσομαι, τυραννομένην ἤδη τῷ ἔργῳ τὴν πόλιν ἰδὼν τῷ πάντα μὲν τὰ στρατόπεδα ἀκούειν [p. 30] τοῦ Καίσαρος, πάντα δὲ αὐτῷ τὸν δῆμον μετὰ [5] τῆς βουλῆς εἴκειν, οὕτως ὥστε τὰ τε ἄλλα καὶ δικτάτορα αὐτὸν διὰ βίου εἶναι τῇ τε σκευῇ τῇ τῶν βασιλέων χρῆσθαι ψηφισασθαι, καὶ ἐξήλεγξε σοφώτατα καὶ ἐπέσχεον ἀσφαλέστατα, ὥστε καὶ αἰδεσθέντα καὶ φοβηθέντα μήτε τὸ ὄνομα τὸ τοῦ βασιλέως μήτε τὸ διάδημα, ἃ καὶ ἀκόντων ἡμῶν αὐτὸς ἐαυτῷ δώσειν ἔμελλε, [6] λαβεῖν. ἄλλος μὲν γὰρ ἂν τις ὑπὸ τε ἐκείνου ταῦτ' ἔφη ποιῆσαι κεκελευσθαι, καὶ τὴν τε ἀνάγκην ἂν προυτεινάτο καὶ συγγνώμης ἐπ' αὐτῇ ἔτυχε, πῶς γὰρ οὐ, τοιαῦτά τε ἡμῶν τότε ἐψηφισμένων καὶ τοσοῦτο τῶν στρατιωτῶν δεδυνημένων; [7] Ἀντώνιος δέ, ἅτε καὶ τῆς διανοίας τῆς τοῦ Καίσαρος διαπεφυκῶς καὶ πάντα ἀκριβῶς ὅσα παρεσκευάζετο συννοῶν, φρονιμώτατα αὐτὸν καὶ ἀπέτρεψεν ἀπ' αὐτῶν καὶ ἀπέσπευσε. [8] τεκμήριον δὲ ὅτι οὐδὲν ἔτι τὸ παράπαν ὡς καὶ δυναστεύων ἔπραξε, καὶ προσέτι καὶ κοινῶς καὶ ἀφυλάκτως πᾶσιν ἡμῖν συνῆν: ἄφ' οὗπερ καὶ τὰ μάλιστα ἡδυνήθη παθεῖν ἃ ἔπαθε. 18.

ταῦθ' οὕτως, ὦ Κικέρων ἢ Κικέρκουλε ἢ Κικεράκιε ἢ Κικερίσκε ἢ Γραίκουλε, ἢ ὅ τι ποτὲ καὶ χαίρεις ὀνομαζόμενος, ἔπραξεν ὁ ἀπαιδευτος, [2] ὁ γυμνός, ὁ μεμυρισμένος: ὧν οὐδὲν σὺ ἐποίησας ὁ δεινός, ὁ σοφός, ὁ πολὺ πλείονι τῷ ἐλαίῳ τοῦ οἴνου χρώμενος, ὁ καὶ μέχρι τῶν σφυρῶν τὴν ἐσθῆτα σύρων, οὐ μὰ Δία οὐχ ὥσπερ οἱ ὀρχησταὶ οἱ τὰς ποικιλίας τῶν ἐνθυμημάτων διδάσκοντές [p. 32] σε τοῖς σχήμασιν, ἀλλ' ἵνα τὰ αἴσχη σου τῶν [3] σκελῶν συγκρῦπτῃς. οὐ γὰρ που καὶ ὑπὸ σωφροσύνης τοῦτο ποιεῖς ὁ τὰ πολλὰ ἐκεῖνα περὶ τῆς τοῦ Ἀντωνίου διαίτης εἰρηκώς. τίς μὲν γὰρ οὐχ ὀρᾷ

σου τὰ λεπτά ταῦτα χλανίδια; τίς δ' οὐκ ὁσφραίνεται τῶν πολιῶν σου τῶν κατεκτενισμένων; τίς δ' οὐκ οἶδεν ὅτι τὴν μὲν γυναῖκα τὴν προτέραν τὴν τεκοῦσάν σοι δύο τέκνα ἐξέβαλες, ἑτέραν δὲ ἐπεσηγάγου παρθένον ὑπεργήρως ὢν, ἴν' ἐκ τῆς οὐσίας αὐτῆς τὰ δανείσματα ἀποτίσῃς; [4] καὶ οὐδὲ ἐκείνην μέντοι κατέσχες, ἵνα Καιρελλίαν ἐπ' ἀδείας ἔχῃς, ἣν τοσοῦτω πρεσβυτέραν σαυτοῦ οὖσαν ἐμοίχευσας ὅσω νεωτέραν τὴν κόρην ἔγνμας, πρὸς ἣν καὶ αὐτὴν τοιαύτας ἐπιστολὰς γράφεις οἷας ἂν γράφειεν ἀνὴρ σκωπτόλης ἀθυρόγλωστος πρὸς γυναῖκα ἐβδομηκοντοῦτιν [5] πληκτιζόμενος. καὶ ταῦτα μὲν ἄλλως ἐξήχθην, ὧ πατέρες, εἰπεῖν, ἵνα μηδὲ ἐν τοῦτοις ἔλαττον ἔχων ἀπέλθῃ. καίτοι καὶ συμπόσιόν τι ἐτόλμησε τῷ Ἀντωνίῳ προενεγκεῖν, αὐτὸς μὲν ὕδωρ, ὡς φησι, πίνων, ἵνα τοὺς καθ' ἡμῶν λόγους νυκτερέων συγγραφῇ, τὸν δὲ υἱὸν ἐν τοσαύτῃ μέθῃ τρέφων ὥστε μήτε νύκτωρ μήτε μεθ' ἡμέραν σωφρονεῖν. [6] καὶ προσέτι καὶ τὸ στόμα αὐτοῦ διαβάλλειν ἐπεχείρησε, τοσαύτῃ ἀσελγείᾳ καὶ ἀκαθαρσίᾳ παρὰ πάντα τὸν βίον χρώμενος ὥστε μηδὲ τῶν συγγενεστάτων ἀπέχεσθαι, ἀλλὰ τὴν τε γυναῖκα προαγωγεῦεν καὶ τὴν θυγατέρα μοιχεύειν. [p. 34] 19.

ταῦτα μὲν οὖν ἔασω, ἐπάνειμι δὲ ὅθεν ἐξέβην. ὁ γὰρ Ἀντώνιος ἐκεῖνος, ὃν οὗτος καταδεδράμηκεν, ἰδὼν τὸν Καίσαρα ὑπὲρ τὴν πολιτείαν ἡμῶν αἰρόμενον, ἐποίησεν αὐτὸν μηδὲν ὦν ἐνενόει πρᾶξαι, δι' αὐτῶν ὦν χαρίζεσθαι αὐτῷ ἐδόκει. [2] οὐδὲν γὰρ οὕτως ἀποτρέπει τινὰς ὦν ἂν μὴ ὀρθῶς ἐπιθυμοῦντες τυχεῖν διαπράσσωνται, ὡς τὸ τοὺς φοβουμένους αὐτὰ μὴ πάθωσιν ἐθέλοντάς [3] δὴ δοκεῖν ὑπομένειν. τοῦτο μὲν γάρ, ἐξ ὧν ἀδικοῦσιν ἑαυτοῖς συνίσασιν, οὐ πιστεύουσι, πεφωρᾶσθαι δὲ νομίζοντες καὶ αἰσχύνονται καὶ φοβοῦνται, τὰ μὲν λεγόμενα ἄλλως, ὡς καὶ κολακείαν, μετ' ἐλέγχου λαμβάνοντες, τὰ δ' ἐξ αὐτῶν ἀποβησόμενα, ὡς καὶ ἐπιβουλήν, μετ' αἰσχύνης [4] ὑποπτεύοντες. ἅπερ που καὶ ὁ Ἀντώνιος ἀκριβῶς εἰδὼς πρῶτον μὲν τὰ τε Λυκαῖα καὶ τὴν πομπὴν ἐκείνην ἐπελέξατο, ἵν' ὁ Καῖσαρ ἐν τε τῷ ἀνειμένῳ τῆς γνώμης καὶ ἐν τῷ παιγνιώδει τῶν γιγνομένων ἀσφαλῶς σωφρονισθῇ, ἔπειτα δὲ καὶ τὴν ἀγορὰν καὶ τὸ βῆμα, ἵνα ἐξ αὐτῶν τῶν [5] χωρίων αἰσχυνθῇ: τὰς τε ἐντολὰς τὰς παρὰ τοῦ δήμου συνέπλασεν, ἵν' αὐτὰς ἀκούσας λογίσηται οὐχ ὅσα τότε ὁ Ἀντώνιος ἔλεγεν, ἀλλ' ὅσα ἂν ὁ δῆμος ὁ Ῥωμαίων εἰπεῖν τι ἐνετείλατο. πόθεν γὰρ ἂν ἐπίστευσε τὸν δῆμον ταῦτ' ἐπεσταλκέναι τῷ, μήτε ἐψηφισμένον τι τοιοῦτον αὐτὸν εἰδὼς μήτε [p. 36] [6] ἐπιβοῶντα αἰσθόμενος; ἀλλ' ἔδει γὰρ αὐτὸν καὶ ἐν τῇ ἀγορᾷ τῇ Ῥωμαίᾳ, ἐν ἣ πολλὰ πολλάκις ὑπὲρ τῆς ἐλευθερίας ἐβουλευσάμεθα, καὶ παρὰ τῷ βήματι, ἀφ' οὗ μυρία ἐπὶ μυρίοις ὑπὲρ τῆς δημοκρατίας ἐπολιτευσάμεθα, ἐν τε τῇ ἐορτῇ τῶν Λυκαίων, ἵνα ἀναμνησθῇ τοῦ Ῥωμύλου, καὶ ὑπὸ τοῦ ὑπάτου, ἵν' ἐννοήσῃ τὰ τῶν ἀρχαίων ὑπάτων [7] ἔργα, καὶ ἐπὶ τῷ τοῦ δήμου ὀνόματι ταῦτα ἀκοῦσαι, ἵν' ἐνθυμηθῇ τοῦθ', ὅτι οὐκ Ἄφρων οὐδὲ Γαλατῶν οὐδὲ Αἰγυπτίων ἀλλ' αὐτῶν Ῥωμαίων τυραννεῖν ἐπεχείρει. ταῦτα αὐτὸν τὰ ῥήματα ἐπέστρεψεν, ταῦτ' ἔταπεινωσε: καὶ τάχα ἂν τὸ διάδημα, εἴπερ τις ἄλλος αὐτῷ προσήνεγκε, λαβὼν, ἔπειτα δι' ἐκεῖνα καὶ ἐκολούσθη καὶ ἔφριξε καὶ κατέδεισε. [8]

τὰ μὲν οὖν Ἀντωνίου ἔργα σοι ταῦτά ἐστιν, οὐ σκέλος ἄλλως κατὰξαντος ἵνα αὐτὸς φύγῃ, οὐδὲ χεῖρα κατακαύσαντος ἵνα Πορσένναν φοβήσῃ, ἀλλὰ τὴν τυραννίδα τὴν τοῦ Καίσαρος σοφία καὶ περιτεχνήσῃ, καὶ ὑπὲρ τὸ δόρυ τὸ Δεκίου καὶ ὑπὲρ τὸ ξίφος τὸ Βρούτου, παύσαντος. 20. σὺ δ', ὦ Κικέρων, τί ἐν τῇ ὑπατείᾳ σου οὐχ ὅτι σοφὸν ἢ ἀγαθόν, ἀλλ' οὐ καὶ τιμωρίας τῆς μεγίστης ἄξιον ἔπραξας; οὐχ ἡσυχάζουσιν μὲν καὶ ὁμονοοῦσιν τὴν πόλιν ἡμῶν καὶ ἐξετάραξας καὶ ἐστασίασας, τὴν ἀγορὰν καὶ τὸ Καπιτώλιον ἄλλων τέ τινων καὶ δούλων παρακλήτων πληρώσας; [2] οὐ τὸν Κατιλίαν σπουδαρχήσαντα μόνον, ἄλλο δὲ μηδὲν δεινὸν ποιήσαντα κακῶς ἀπώλεσας; [p. 38] οὐ τὸν Λέντουλον καὶ τοὺς μετ' αὐτοῦ μῆτ' ἀδικήσαντάς τι μῆτε κριθέντας μῆτε ἐλεγχθέντας οἰκτρῶς διέφθειρας, καίτοι πολλὰ μὲν περὶ τῶν νόμων πολλὰ δὲ καὶ περὶ τῶν δικαστηρίων αἰεὶ καὶ πανταχοῦ θρυλῶν; ἂ εἴ τις ἀφέλοιτο [3] τῶν σῶν λόγων, τὸ λοιπὸν οὐδὲν ἐστὶ. Πομπηίῳ μὲν γὰρ ἐνεκάλεις ὅτι τῷ Μίλωνι παρὰ τὰ νενομισμένα τὴν κρίσιν ἐποίησε: σὺ δὲ οὔτε μικρὸν οὔτε μεῖζον οὐδὲν ἐκ τῶν περὶ ταῦτα τεταγμένων Λεντούλῳ παρέσχες, ἀλλὰ ἄνευ λόγου καὶ κρίσεως ἐνέβαλες ἐς τὸ δεσμωτήριον ἄνδρα ἐπικεικῇ γέροντα, πολλὰ μὲν καὶ μεγάλα πρὸς τὴν πατρίδα ἐκ προγόνων ἐνέχυρα φιλίας ἔχοντα, μηδὲν δὲ μῆθ' ὑπὸ τῆς ἡλικίας μῆθ' ὑπὸ τῶν τρόπων νεωτερίσαι [4] δυνάμενον. τί μὲν γὰρ αὐτῷ κακὸν παρήν, ὃ τῇ μεταβολῇ ἂν τῶν πραγμάτων ἐξιάσατο; τί δ' οὐκ ἀγαθὸν εἶχε, περὶ, περὶ οὐ πάντως ἂν νεοχμῶσας τι ἐκινδύνευσε; ποῖα ὄπλα ἡθοροίκει, ποίους συμμάχους παρεσκεύαστο, ἴν' οὕτως οἰκτρῶς καὶ ἀνοσίως ἀνὴρ ὑπατευκῶς, στρατηγῶν, μῆτε τι εἰπὼν μῆτ' ἀκούσας ἕς τε τὸ οἴκημα ἐμπέσῃ καὶ ἐκεῖ ὥσπερ οἱ κακουργότατοι φθαρῇ; [5] τοῦτο γάρ ἐστιν ὃ μάλιστα ὁ καλὸς οὗτος Τούλλιος ἐπεθύμησεν, ἴν' ἐν τῷ ὁμωνύμῳ αὐτοῦ χωρίῳ τὸν ἑγγονον τοῦ Λεντούλου ἐκείνου τοῦ προκρίτου ποτὲ τῆς βουλῆς γενομένου ἀποκτείνῃ. 21. καίτοι τί ποτ' ἂν ἐποίησεν ἐνοπλίου ἐξουσίας λαβόμενος ὁ τοιαῦτα καὶ τοσαῦτα ἐκ μόνων τῶν [p. 40] λόγων εἰργασμένος; ταῦτα γάρ σου τὰ λαμπρὰ ἔργα ἐστί, ταῦτα τὰ μεγάλα στρατηγήματα: ἐφ' οἷς οὕτως οὐχ ὅπως ὑπὸ τῶν ἄλλων κατεγνώσθης, ἀλλὰ καὶ αὐτὸς σαυτοῦ κατεψηφίσω, ὥστε πρὶν [2] καὶ κριθῆναι φυγεῖν. καίτοι τίς ἂν ἑτέρα μεῖζον ἀπόδειξις τῆς σῆς μαιφονίας γένοιτο ἢ ὅτι καὶ ἐκινδύνευσας ἀπολέσθαι ὑπ' αὐτῶν ἐκείνων ὑπὲρ ὧν ἐσκήπτου ταῦτα πεποικηκέναι, καὶ ἐφοβήθης αὐτοὺς ἐκείνους οὕς ἔλεγες ἐκ τούτων εὐηργετηκέναι, καὶ οὐχ ὑπέμεινας οὐτ' ἀκούσαι τι αὐτῶν οὐτ' εἰπεῖν τι αὐτοῖς ὁ δεινός, ὁ περιττός, ὁ καὶ τοῖς ἄλλοις βοηθῶν, ἀλλὰ φυγῇ τὴν σωτηρίαν [3] ὥσπερ ἐκ μάχης ἐπορίσω; καὶ οὕτω γε ἀναισχυντος εἶ ὥστε καὶ συγγράφαι ταῦτα τοιαῦτα ὄντα ἐπεχείρησας: ὃν ἐχρῆν εὐχεσθαι μηδὲ τῶν ἄλλων τινὰ αὐτὰ συνθεῖναι, ἵνα ἀλλὰ τοῦτό γε κερδάνῃς, τὸ συναπολέσθαι σοι τὰ πεπραγμένα καὶ μηδεμίαν αὐτῶν μνήμην τοῖς ἔπειτα παραδοθῆναι. καὶ ὅπως γε καὶ γελάσητε, [4] ἀκούσατε τὴν σοφίαν αὐτοῦ. προθέμενος γὰρ πάντα τὰ τῇ πόλει πεπραγμένα συγγράφαι 'καὶ γὰρ σοφιστῆς καὶ ποιητῆς καὶ φιλόσοφος καὶ ῥήτωρ καὶ συγγραφεὺς εἶναι πλάττεται ἔπειτ' οὐκ ἀπὸ τῆς κτίσεως αὐτῆς,

ὥσπερ οἱ ἄλλοι οἱ τοῦτο ποιοῦντες, ἀλλὰ ἀπὸ τῆς ὑπατείας τῆς ἑαυτοῦ ἥρξατο, ἵνα ἀνάπαλιν προχωρῶν ἀρχὴν μὲν τοῦ λόγου ἐκείνην, τελευτὴν δὲ τὴν τοῦ Ῥωμύλου βασιλείαν ποιήσῃται. 22.

λέγε τοίνυν, τοιαῦτα γράφων καὶ τοιαῦτα πράττων, οἷα δεῖ τὸν ἀγαθὸν ἄνδρα καὶ λόγῳ [p. 42] δημηγορεῖν καὶ ἔργῳ ποιεῖν: ἀμείνων γὰρ εἰ ἑτέροις πῶς ὅτιοῦν παραινεῖν ἢ αὐτὸς τὰ προσήκοντα πράττειν, καὶ τοῖς ἄλλοις ἐπιτιμᾶν ἢ [2] σεαυτὸν ἐπανορθοῦν. καίτοι πόσῳ σε κρεῖττον ἦν, ἀντὶ μὲν τῆς δειλίας ἦν Ἀντωνίῳ ὀνειδίζεις, αὐτὸν τὴν μαλακίαν καὶ τῆς ψυχῆς καὶ τοῦ σώματος ἀποθέσθαι, ἀντὶ δὲ τῆς ἀπιστίας ἦν ἐκείνῳ προφέρεις, αὐτὸν μὴτ' ἀπιστὸν τι ποιεῖν μὴτ' αὐτομολεῖν, ἀντὶ δὲ τῆς ἀχαριστίας ἥς ἐκείνου [3] κατηγορεῖς, αὐτὸν μὴ ἀδικεῖν τοὺς εὐεργέτας; ἔν γάρ τοι καὶ τοῦτο τῶν κακῶν τῶν ἐμφύτων αὐτῷ ἐστίν, ὅτι μισεῖ μάλιστα πάντων τοὺς τι αὐτὸν εὖ πεποιηκότας, καὶ τῶν μὲν ἄλλων αἰεὶ τινὰς θεραπεύει, τοῦτοις δὲ ἐπιβουλεύει. ἵνα γοῦν τᾶλλα ἐάσω, ἐλεηθεὶς ὑπὸ τοῦ Καίσαρος καὶ σωθεὶς ἐξ τε τοὺς εὐπατρίδας ἐγγραφεὶς ἀπέκτεινεν, οὐκ αὐτοχειρίᾳ ἴπθον, δειλὸς τε οὕτω καὶ γύννις ὢν; ἀλλ' ἀναπεισας καὶ παρασκευάσας [4] τοὺς τοῦτο ποιήσαντας. καὶ ὅτι ταῦτα ἀληθῆ λέγω, αὐτοὶ ἐκείνοι ἐδήλωσαν: ὅτε γοῦν γυμνοῖς τοῖς ξίφεσιν ἐς τὴν ἀγορὰν ἐσέδραμον, ὀνομαστὶ αὐτὸν ἀνεκάλεσαν συνεχῶς εἰπόντες, ὦ Κικέρων, [5] ὥσπερ που πάντες ἠκούσατε. ἐκείνόν τε οὖν εὐεργέτην ὄντα ἐφόνευσσε, καὶ παρ' αὐτοῦ τοῦ Ἀντωνίου καὶ τῆς ἱερωσύνης καὶ τῆς σωτηρίας, ὅτ' ἀπολέσθαι ἐν τῷ Βρεντεσίῳ ὑπὸ τῶν στραπιωτῶν ἐκινδύνευσσε, τυχὼν τοιαύτας αὐτῷ χάριτας ἀνταποδίδωσι, κακηγορῶν τε αὐτὸν ἐπὶ τοῦτοις ᾧ [p. 44] μὴτ' αὐτὸς μὴτ' ἄλλος τις πώποτε ἐμέμψατο, καὶ [6] κατατρέχων ἐφ' οἷς ἄλλους ἐπαινεῖ. τὸν γοῦν Καίσαρα τοῦτον, μὴθ' ἡλικίαν ἄρχειν ἢ τι τῶν πολιτικῶν πράττειν ἔχοντα μὴθ' ὑφ' ἡμῶν προκεχειρισμένον, ὁρῶν καὶ δύναμιν πεπορισμένον καὶ πόλεμον μὴτε ἐψηφισμένων ἡμῶν μὴτε προστεταχότων αὐτῷ ἀνηρημένον, οὐ μόνον οὐκ [7] αἰτιᾶται τι ἀλλὰ καὶ ἐγκωμιάζει. οὕτως οὐτε τὰ δίκαια πρὸς τοὺς νόμους οὐτε τὰ συμφέροντα πρὸς τὸ τῷ κοινῷ χρήσιμον ἐξετάζει, ἀλλὰ πάντα ἀπλῶς πρὸς τὴν ἑαυτοῦ βούλησιν διάγει, καὶ ἐφ' οἷς ἄλλους ἀποσεμνύνει, ταῦθ' ἑτέροις ἐγκαλεῖ, καὶ καταψευδόμενος ὑμῶν καὶ προσδιαβάλλων 23. ὑμᾶς. σύμπαντα γὰρ τὰ μετὰ τὴν τοῦ Καίσαρος τελευτὴν ὑπ' Ἀντωνίου πεπραγμένα εὐρήσετε ὑφ' ὑμῶν κεκελευσμένα. καὶ τὸ μὲν περὶ τε τῆς τῶν χρημάτων διοικήσεως καὶ περὶ τῆς τῶν γραμμάτων ἐξετάσεως λέγειν περιττὸν εἶναι νομίζω. [2] διὰ τί; ὅτι τὸ μὲν τῷ κληρονομοῦντι αὐτοῦ τῆς οὐσίας προσῆκον ἂν εἴη πολυπραγμονεῖν, τὸ δέ, εἴπερ τινὰ ἀλήθειαν κακουργίας εἶχε, τότε ἐχρῆν παραχρῆμα κεκωλύσθαι. οὐτε γὰρ ὑπὸ μάλης τι αὐτῶν, ὦ Κικέρων, ἐπράχθη, ἀλλ' ἐς στήλας, [3] ὥς καὶ αὐτὸς φῆς, πάντα ἀνεγράφη: εἰ δὲ ἐκεῖνος φανερώς οὕτω καὶ ἀναισχύντως τὰ τε ἄλλα ἐκακούργησεν ὥς λέγεις, καὶ τὴν Κρήτην ὅλην ἥρπασεν ὥς καὶ ἐκ τῶν τοῦ Καίσαρος γραμμάτων ἐλευθέραν μετὰ τὴν τοῦ Βρούτου ἀρχὴν ἀφειμμένην, ἦν ὕστερον ἐκεῖνος παρ' ἡμῶν ἐπετράπη, πῶς μὲν ἂν σὺ ἐσιώπησας, πῶς δ' ἂν τῶν ἄλλων τις [p. 46] [4] ἠνέσχετο; ἀλλὰ ταῦτα μὲν, ὥσπερ εἶπον,

παρалаίψω: οὔτε γάρ ὀνομαστὶ τὰ πολλὰ αὐτῶν εἴρηται, οὔτ' Ἀντώνιος ὁ δυνάμενος ὑμᾶς ἀκριβῶς καθ' ἕκαστον ὧν πεποίηκε διδάξει παρέσσι: περὶ δὲ δὴ τῆς Μακεδονίας τῆς τε Γαλατίας καὶ τῶν ἄλλων ἐθνῶν τῶν τε στρατοπέδων ὑμέτερα ἔστιν, ὧ πατέρες, ψηφίσματα, καθ' ἃ τοῖς τε ἄλλοις ὡς ἕκαστα προσετάξατε καὶ ἐκείνῳ τὴν Γαλατίαν μετὰ τῶν στρατιωτῶν ἐνεχειρίσατε. καὶ τοῦτο καὶ Κικέρων οἶδεν: παρῆν γάρ, καὶ πάντα γε ^[5] αὐτὰ ὁμοίως ὑμῖν ἐψηφίζετο. καίτοι πόσω κρεῖττον ἦν τότε αὐτὸν ἀντειπεῖν, εἴπερ τι αὐτῶν μὴ δεόντως ἐγίνετο, καὶ διδῶξαι ὑμᾶς ταῦτα ἃ νῦν προΐσχεται, ἢ παραχρῆμα μὲν σιωπῆσαι καὶ περιῖδεῖν ὑμᾶς ἀμαρτάνοντας, νῦν δὲ λόγῳ μὲν Ἀντωνίῳ ἐγκαλεῖν ἔργῳ δὲ τῆς βουλῆς κατηγορεῖν; 24.

οὐδὲ γάρ οὐδὲ τοῦτο δύναιτ' ἂν τις σωφρονῶν εἰπεῖν, ὅτι ἐκεῖνος ταῦθ' ὑμᾶς ψηφίσασθαι ἐβιάσατο. οὔτε γάρ αὐτὸς ἰσχύν τινα στρατιωτῶν εἶχεν ὥστε παρὰ γνώμην ὑμᾶς ποιῆσαι τι καταναγκάσαι, καὶ τὸ πρᾶγμα ὑπὲρ τῆς πόλεως πέπρακται. ^[2] ἐπειδὴ γάρ προυπέπεμπτο μὲν τὰ στρατεύματα καὶ συνειστῆκει, δέος δὲ ἦν μὴ πυθόμενα τῆς τοῦ Καίσαρος σφαγῆς στασιάσῃ καὶ τινα φλαῦρον προστησάμενα αὐθις πολεμήσῃ, ἔδοξεν ὑμῖν, ὀρθῶς καὶ καλῶς ποιοῦσι, τὸν Ἀντώνιον ἐπ' αὐτὰ ἐπιστῆσαι, τὸν ὑπάτον, τὸν τὴν ὁμόνοιαν πρυτανεύσαντα, τὸν τὴν δικτατορίαν ^[3] παντελῶς ἐκ τῆς πολιτείας ἐκκόψαντα. καὶ διὰ ^[p. 48] τοῦτο γε καὶ τὴν Γαλατίαν αὐτῷ ἀντὶ τῆς Μακεδονίας ἀντεδώκατε, ἵν' ἐνταῦθα ἐν τῇ Ἰταλίᾳ ὧν μήτε τι κακουργήσῃ καὶ τὸ προσταχθὲν εὐθὺς ὑφ' ὑμῶν ποιήσῃ. 25.

ταῦτα μὲν οὖν πρὸς ὑμᾶς εἶπον, ἵν' εἰδῆτε ὀρθῶς βεβουλευμένοι: πρὸς δὲ δὴ Κικέρωνα καὶ ἐκεῖνός μοι ὁ λόγος ἐξήρκει, ὅτι καὶ παρῆν πᾶσι τούτοις ὅτε ἐγίνετο, καὶ μεθ' ἡμῶν αὐτὰ ἐψηφίσατο, μήτε στρατιώτην τινὰ Ἀντωνίου ἔχοντος, μήθ' ὅλως ἐνδείξασθαι τι φοβερὸν ἡμῖν δυναμένου, δι' ὃ καὶ τῶν συμφερόντων ἂν τι παρείδομεν. ^[2] ἀλλ' εἰ καὶ τότε ἐσιώπησας, νῦν γε εἰπέ, τί ἐχρῆν ἡμᾶς ποιῆσαι τούτων οὕτως ἐχόντων; ἀφεῖναι τὰ στρατεύματα ἀναρχα; καὶ πῶς οὐκ ἂν μυρίων κακῶν καὶ τὴν Μακεδονίαν καὶ τὴν Ἰταλίαν ^[3] ἐνέπλησεν; ἀλλ' ἐτέρῳ τινὶ προστάξαι; καὶ τίνα ἂν ἀναγκαιότερον καὶ ἐπιτηδειότερον τοῦ Ἀντωνίου εὐρομεν, τοῦ ὑπάτου, τοῦ πάντα τὰ τῆς πόλεως διοικοῦντος, τοῦ τοσαύτην φυλακὴν τῆς ὁμονοίας ἡμῶν πεποιημένου, τοῦ μυρία ἐπιδείγματα τῆς πρὸς τὸ κοινὸν εὐνοίας παρεσχημένου; ^[4] τινὰ τῶν σφαγέων; οἷς οὐδ' ἄλλως ἐν τῇ πόλει διατρίβειν ἀσφαλὲς ἐγίνετο. τινὰ τῶν τάναντία αὐτοῖς φρονούντων; οὓς πάντες ὑπώπτευν. τίς ἀξιώσει προέχων, τίς ἐμπειρία ^[5] προφέρων παρὰ τοῦτον ἄλλος ἦν; ἀλλ' ἀγανακτεῖς ὅτι μὴ σὲ προειλόμεθα. καὶ τίνα μὲν ἀρχὴν εἶχες, τί δ' οὐκ ἂν ἔδρασας ὄπλα καὶ στρατιώτας λαβὼν ὁ τοσαῦτα καὶ τηλικαῦτα ἐν τῇ ὑπατείᾳ ταραξάς ἐκ τῶν ἐπιτετηδευμένων ^[p. 50] 26. σοι τούτων ἀντιθέτων, ὧν μόνων ἦς κύριος; ἀλλ' ἐκέῖσε ἐπάνειμι, ὅτι καὶ παρῆς τούτοις ὅτε ἐψηφίζετο, καὶ οὐδὲν ἀντεῖπες, ἀλλὰ καὶ συγκατέθου πᾶσιν αὐτοῖς ὡς καὶ ἀρίστοις καὶ ἀναγκαιῶς δῆλον ὅτι οὕσιν. οὐ γάρ που καὶ παρρησίας ἐνδεῆς ἦσθα: πολλὰ γοῦν καὶ μάτην ὑλάκτεῖς. ^[2] οὐ μὴν οὐδὲ

ταῦτα μὲν οὖν διὰ Κικέρωνα εἶπον, ἐπειδὴ περ ἀδίκων ἐς ἡμᾶς λόγων ὑπῆρξεν: οὔτε γὰρ ἄλλως φιλαπεχθῆμων εἰμὶ ὥσπερ οὗτος, οὐτ' ἐμοὶ μέλει τὰ ἀλλότρια κακὰ πολυπραγμονεῖν, ὅπερ οὗτος ἀεὶ ποιῶν σεμνύνεται. ἃ δ' ὑμῖν παραινῶ μήτ' Ἀντωνίῳ τι χαριζόμενος μήτε Καίσαρα ἢ Βροῦτον διαβάλλων, ἀλλ' ὑπὲρ τῶν κοινῇ συμφερόντων, ὥσπερ που προσήκει, βουλευών, νῦν ἥδη φράσω. [p. 250] τὸν Ἀντώνιον ἐκ τῆς Ἰταλίας ἐκχωρησάντων καὶ Κλαύδιος Τιβέριος Νέρων ἔφυγε. φρουρὰν γὰρ τινα ἐν τῇ Καμπανίᾳ εἶχε, καὶ ἐπειδὴ καθυπέρτερα τὰ τοῦ Καίσαρος ἐγένετο, ἀπῆρε σὺν τε τῇ γυναικὶ Λιουία Δρουσίλλῃ καὶ σὺν τῷ υἱεῖ Τιβερίῳ ^[4] Κλαυδίῳ Νέρωνι, ὥστε καὶ τοῦτο ἐν τοῖς παραδοξοτάτοις συμβῆναι: ἢ τε γὰρ Λιουία αὕτη ἢ τὸν Καίσαρα τότε φυγοῦσα μετὰ ταῦτα αὐτῷ ἐγήματο, καὶ ὁ Τιβέριος οὗτος ὁ σὺν τοῖς τοκεῦσι τότε ἐκδράς τὴν αὐτοκράτορα ἀρχὴν αὐτοῦ διεδέξατο. 16. ταῦτα μὲν ὕστερον ἐγένετο: τότε δὲ τὴν τε εἰρηνικὴν ἐσθῆτα οἱ ἐν τῇ Ῥώμῃ ὄντες ἀνέλαβον ἔκδεδυκότες γὰρ αὐτὴν ἄνευ ψηφίσματος ἀνάγκῃ τοῦ δήμου ᾗσαν καὶ αὐτοὶ τε ἐώρταζον, καὶ τὸν Καίσαρα ἐν τε στολῇ ἐπινικίῳ ἐς τὸ ἄστυ ἐσεκόμισαν καὶ δαφνίνῳ στεφάνῳ ἐτίμησαν, ὥσθ' ὅσாகις οἱ τὰ νικητήρια πέμπαντες εἴωθεσαν αὐτῷ ^[2] χρῆσθαι, καὶ ἐκεῖνόν οἱ κοσμεῖσθαι. Καῖσαρ δέ, ἐπειδὴ τὰ τε ἐν τῇ Ἰταλίᾳ κατειργαστο καὶ ὁ κόλπος ὁ Ἰόνιος ἡλευθέρωτο ὃ γὰρ Δομίτιος, ἀπογνοὺς μηκέτι καθ' ἑαυτὸν ἰσχύσειν, ἀπέπλευσε πρὸς τὸν Ἀντώνιον, παρεσκευάζετο μὲν ὡς ἐπὶ τὸν Σέξτον ὀρμήσων, αἰσθόμενος δὲ τὴν τε δύναμιν αὐτοῦ, καὶ ὅτι τῷ Ἀντωνίῳ διὰ τε τῆς μητρὸς καὶ διὰ τῶν πρέσβων ἐκεκοινολόγητο, ἔδεισε μὴ καὶ ἀμφοῖν ^[3] ἅμα πολεμήσῃ, καὶ τὸν Σέξτον ὡς καὶ πιστότερον ἢ καὶ ἰσχυρότερον τοῦ Ἀντωνίου προτιμήσας τὴν τε μητέρα αὐτῷ Μουκίαν ἔπεμψε, καὶ τὴν τοῦ πενθεροῦ αὐτοῦ Λουκίου Σκριβωνίου Λίβωνος ^[p. 252] ἀδελφὴν ἔγνημεν, εἴ πως ἔκ τε τῆς εὐεργεσίας καὶ ἐκ τῆς συγγενείας φίλον αὐτὸν ποιήσαιο. 17. ὁ γὰρ Σέξτος, ὡς τότε ἐκ τῆς Ἰβηρίας κατὰ τὰς πρὸς τὸν Λέπιδον συνθήκας ἀπηλλάγη καὶ μετὰ τοῦτο ναύαρχος οὐ πολλῷ ὕστερον κατέστη, τῆς μὲν ἀρχῆς ὑπὸ τοῦ Καίσαρος παρελύθη, τοῦ δὲ δὴ ναυτικοῦ καὶ ὡς ἀντεχόμενος ἐτόλμησε μὲν ἐς τὴν Ἰταλίαν πλεῦσαι, ἐπικρατούντων δὲ ἤδη ^[2] τῶν ἀμφὶ τὸν Καίσαρα αὐτῆς, μαθὼν ὅτι ἐν τοῖς σφαγεῦσι τοῖς τοῦ πατρὸς αὐτοῦ ἐάλωκε, τῆς μὲν ἡπείρου ἀπέσχετο, κατὰ δὲ δὴ τὰς νήσους περιπλέων τὰ τε γιγνόμενα ἐκαπαδόκει καὶ τὴν τροφὴν οὐκ ἐξ ἀδικημάτων ἐπορίζετο: ἄτε γὰρ μὴ μετεσχηκῶς τοῦ φόνου, καὶ ὑπ' αὐτοῦ τοῦ Καίσαρος ^[3] ἤλπιζε καταχθῆσεσθαι. ἐπεὶ μέντοι καὶ ἐν τῷ λευκώματι τὸ ὄνομα αὐτοῦ ἐξετέθη καὶ ἔγνω καὶ ἐπ' αὐτῷ ἐπικεκηρυγμένον, ἀπέγνω τε τὴν δι' αὐτοῦ κάθοδον καὶ πρὸς πόλεμον ἡτοιμάζετο: ναυπηγίαν τε γὰρ τριήρων ἐποιεῖτο καὶ τοὺς αὐτομολοῦντας ἐδέχετο, τοὺς τε καταποντιστὰς προσηταιρίζετο καὶ τοὺς ἐκπίπτοντας ὑπελάμβανε. ^[4] κἀκ τούτων ἐν ὀλίγῳ τε ἰσχυρὸς ἐγένετο καὶ τῆς πρὸς τῇ Ἰταλίᾳ θαλάσσης ἐκράτησεν, ἐς τε τοὺς λιμένας αὐτῆς ἀπέβαινε καὶ τὰ πλοῖα ἀπέσπα, ἀρπαγὰς τε ἐποιεῖτο. προχωρούντων δὲ αὐτῷ τῶν πραγμάτων ὥστε καὶ στρατιώτας καὶ χρήματα ἀπ' αὐτῶν πορίζειν, ἐς Σικελίαν ἔπλευσε, καὶ Μύλας μὲν τὴν τε Τυνδαρίδα ἀμαχεὶ κατέσχε, τῆς δὲ Μεσσήνης ὑπὸ Πομπηίου Βιθυνικοῦ τοῦ τότε τῆς Σικελίας ἄρχοντος ἀπεκρούσθη. ^[5] οὐ μέντοι καὶ παντελῶς αὐτῆς ἀπέστη, ^[p. 254] ἀλλὰ τὴν τε χώραν κατατρέχων καὶ τὴν ἐσκομιδὴν τῶν ἐπιτηδείων κωλύων, τῶν τε προσβοηθησάντων σφίσι τοὺς μὲν φόβῳ μὴ καὶ τὰ αὐτὰ πάθωσι, τοὺς δὲ καὶ ἐξ ἐνέδρας τινὸς κακῶσει προσθέμενος, τὸν τε ταμίαν σὺν τοῖς χρήμασι προσεποιήσατο, καὶ τέλος καὶ τὴν Μεσσήνην τὸν τε Βιθυνικὸν ὡς καὶ ἀπὸ

[p. 256] [3] ὥς δὲ γέλωτὰ τε ὠφλίσκανεν καὶ κινδυνεύσειν, εἰ πειραθεῖν αὐτοῖς διὰ τοῦ πορθμοῦ χρήσασθαι, ἐπίστευσεν, ἐκείνων μὲν ἀφείτο, τῷ δὲ δὴ ναυτικῷ τῷ κατασκευασθέντι τε καὶ ἐλθόντι ἐπετόλμησε μὲν διαπλεῦσαι, οὐκ ἡδυνήθη δέ: τὸ τε γὰρ πλῆθος καὶ τὸ μέγεθος τῶν νεῶν αὐτοῦ πολὺ τῆς τῶν ἐναντίων καὶ ἐμπειρίας καὶ τόλμης ἡλαττώθη. [4] αὐτόπτης οὖν τῆς ναυμαχίας ὁ Καῖσαρ γενόμενος 'κατὰ γὰρ τὴν στρατείαν αὐτοῦ τὴν ἐς τὴν Μακεδονίαν ταῦθ' οὕτως ἐπράχθη χαλεπῶς ἦνεγκε, καὶ μάλισθ' ὅτι τότε πρῶτον συμβαλὼν ἦττητο. καὶ διὰ τοῦτο κατὰ μὲν τὸ ἰσχυρὸν οὐκέτι, καίτοι τοῦ πλείονος ναυτικοῦ σωθέντος οἱ, περαιωθῆναι [5] ἐτόλμησε: λάθρα δὲ πολλάκις ἐπιχειρήσας ὡς πάντως, ἂν τῆς νήσου ἐπιβῇ, πολὺ τῷ πεζῷ κρατήσων, ἔπειθ' ὡς οὐδέν, ἅτε καὶ ἰσχυρᾶς πανταχόθεν φυλακῆς αὐτοῦ οὔσης, ἐπέβαινε, τῇ μὲν Σικελίᾳ ἄλλους τινὰς ἐφεδρεῦειν προσέταξεν, αὐτὸς δὲ πρὸς τε τὸν Ἀντώνιον ἐς τὸ Βρεντέσιον ἀφίκετο, κάντεῦθεν τῇ τῶν νεῶν βοηθείᾳ τὸν Ἴόνιον διέβαλε. 19. γενομένου δὲ τούτου τὴν τε νῆσον πᾶσαν ὁ Σέξτος κατέσχε, καὶ τὸν Βιθυνικὸν ὡς καὶ ἐπιβουλεύσαντα αὐτῷ ἀπέκτεινε, θέας τε ἐπινικίους ἦγαγε, καὶ ναυμαχίαν τῶν αἰχμαλώτων ἐν τῷ πορθμῷ παρ' αὐτὸ τὸ Ῥήγιον, ὥστε καὶ τοὺς ἐναντίους ὀρᾶν, ἐποίησε, πλοιάριά τινα ξύλινα πρὸς ἕτερα βύρσινα ἐς τὸν τοῦ Ροῦφου κατάγελων [2] συμβαλὼν. καὶ μετὰ τοῦτο ναῦς τε πλείους ἐναυπηγήσατο καὶ τῆς πέριξ θαλάσσης ἐκράτησε, δόξαν τέ τινα καὶ φρόνημα ὡς καὶ τοῦ Ποσειδῶνος παῖς ὢν, ὅτι πάσης ποτὲ ὁ πατήρ [p. 258] αὐτοῦ τῆς θαλάσσης ἤρξε, προσέθετο. ταῦτα μὲν, ἕως ἔτι τὰ τε τοῦ Κασσίου καὶ τὰ τοῦ Βρούτου [3] συνειστῆκει, ἔπραξε: φθαρέντων δὲ ἐκείνων ἄλλοι τε πρὸς αὐτὸν συγκατέφυγον καὶ ὁ Στάιος ὁ Λούκιος. καὶ αὐτὸν τὰ μὲν πρῶτα ἀσμένως ἐδέξατο 'καὶ γὰρ τὴν δύναμιν ἧς ἦρχεν ἐπηγάγετό, ἔπειτα δὲ καὶ δραστήριον καὶ φρονηματώδη ἰδὼν ὄντα ἀπέκτεινεν, ἔγκλημα αὐτῷ προδοσίας [4] ἐπενεγκών. κάκ τούτου τὸ τε ἐκείνου ναυτικὸν καὶ τὸ τῶν δούλων τῶν ἐκ τῆς Ἰταλίας ἀφικνουμένων πλῆθος προσλαβὼν πάμπολυ ἠϋξήθη: τοσοῦτοι γὰρ δὴ ἠυτομόλουν ὥστε καὶ τὰς ἀειπαρθένους καθ' ἱερῶν εὐξασθαι ἐπισχεθῆναι σφω τὰς αὐτομολίας. 20. διὰ τε οὖν ταῦτα καὶ

διὰ τὸ τοὺς φεύγοντας αὐτὸν ὑποδέχεσθαι τὴν τε τοῦ Ἀντωνίου φιλίαν πράττειν καὶ τῆς Ἰταλίας πολλὰ πορθεῖν, καταλλαγῆναι οἱ ὁ Καῖσαρ ἐπεθύμησε: διαμαρτῶν δὲ τούτου ἐκείνῳ μὲν Μᾶρκον Οὐίπανιον Ἀγρίππαν πολεμῆσαι ἐκέλευσεν, αὐτὸς δὲ ἐς Γαλατίαν ^[2] ἀπῆρε. μαθὼν οὖν τοῦτο ὁ Σέξτος ἐτήρησε τὸν Ἀγρίππαν περὶ τὰ Ἀπολλώνια ἔχοντα: ἐστρατήγει γάρ, καὶ ἄλλα τε πολλὰ, ἅτε καὶ πάνυ φίλος ὢν τῷ Καίσαρι, ἐλαμπρύνατο, καὶ τὴν ἵπποδρομίαν ἐπὶ δύο ἡμέρας ἐποίησε, τῇ τε Τροίᾳ καλουμένην διὰ τῶν εὐγενῶν παίδων ἐγαυρώθη. ταῦτ' οὖν αὐτοῦ πράττοντος ἐπεραιώθη τε ἐς τὴν Ἰταλίαν καὶ ἐνέμεινεν ἐν αὐτῇ λεηλατῶν, μέχρις οὗ ἐκεῖνος ἀφίκετο: τότε γὰρ φρουρὰν ἐν χωρίοις ^[3] τισὶ καταλιπὼν ἀνέπλευσεν. ὁ δὲ δὴ Καῖσαρ τὴν Γαλατίαν πρότερον μὲν δι' ἐτέρων, ὥσπερ ^[p. 260] εἴρηται, καταλαβεῖν ἐπεχείρησε, μὴ δυνηθεὶς δὲ διὰ τε τὸν Καλῆνον καὶ διὰ τοὺς ἄλλους τοὺς τὰ τοῦ Ἀντωνίου πράττοντας αὐτὸς τότε κατέσχε, τὸν τε Καλῆνον τεθηγκότα νόσῳ εὐρῶν καὶ τὸ ^[4] στράτευμα αὐτοῦ ἀκονιτὶ προσθέμενος. κὰν τοῦτω τὸν Λέπιδον ἀγανακτοῦντα τῇ τῆς ἀρχῆς τῆς ἐπιβαλλούσης αὐτῷ στερήσει ἰδὼν ἐς τὴν Ἀφρικὴν ἐπεμψεν, ἵν' ὥς παρ' ἑαυτοῦ μόνου αὐτὴν, ἀλλ' οὐ καὶ παρὰ τοῦ Ἀντωνίου λαβὼν οἰκειότερόν οἱ προσφέρηται. 21. δύο μὲν δὴ ἔθνη τοῖς Ῥωμαίοις ἐν τῇ Λιβυῇ ἐκείνῃ, ὥσπερ εἶπον, ἦν: ἥρχον δὲ πρὸ τῆς τῶν τριῶν ἀνδρῶν συνωμοσίας τοῦ μὲν Νομαδικοῦ Τίτος Σέξτιος, τοῦ δὲ ἐτέρου ὃ τε Κορνούφικιος καὶ Δέκιμος Λαίλιος, ὁ μὲν τὰ τοῦ Ἀντωνίου, οἱ ^[2] δὲ τὰ τοῦ Καίσαρος φρονοῦντες. καὶ τέως μὲν ὁ Σέξτιος ἀνέμενεν ὥς καὶ ἐκείνων πολὺ γὰρ πλείω δύναμιν εἶχον' ἐς τὴν ἀρχὴν αὐτοῦ ἐσβαλόντων, καὶ παρεσκευάζετο ὥς καὶ ἐνταῦθα αὐτοὺς ἀμυνόμενος: ἐπεὶ δὲ διέμελλον, κατεφρόνησέ τε αὐτῶν, καὶ προσεπαρθεὶς ὑπὸ τε βοδὸς φθεγξαμένης, ὥς φασιν, ἀνθρωπίνῃ φωνῇ καὶ κελυσάσης ^[3] αὐτῷ τῶν προκειμένων ἔχεσθαι, καὶ ἐξ ἐνυπνίου δι' οὗ ταῦρός τις κατορωρυγμένος ἐν τῇ πόλει Τούκκῃ παρηνεκέσαι οἱ ἔδοξε τὴν κεφαλὴν αὐτοῦ ἀνελέσθαι καὶ ἐπὶ κάμακος, ὥς καὶ ἐκ τούτου νικήσονται, περιφέρειν, οὐκ ἐμέλλησεν, ἄλλως τε καὶ ὅτι τὸν ταῦρον ἐν τῷ χωρίῳ ἐν ᾧ τὸ ^[p. 262] ἐνύπνιον εἶναι ἔφη εὔρεν, ἀλλ' αὐτὸς ἐς τὴν ^[4] Ἀφρικὴν προενέβαλε. καὶ τὸ μὲν πρῶτον τὸ τε Ἀδρυμητον καὶ ἄλλα ἄττα χωρία, ἀνελπίστοις σφίσι προσπεσών, κατέσχε: ἔπειτα δὲ ἀφυλάκτως δι' αὐτὸ τοῦτ' ἔχων ἐλοχίσθη τε ὑπὸ τοῦ ταμίου, καὶ πολὺ μέρος τοῦ στρατοῦ ἀποβαλὼν ἐς τὴν Νουμιδιάν ἀνεχώρησε. καὶ ἔτυχε γὰρ ἄνευ τῆς τοῦ ταύρου κεφαλῆς δυστυχήσας, τὴν τε ἦτταν ἐς τοῦτο ἀνέφερε, καὶ παρεσκευάζετο ^[5] ὥς καὶ αὖθις στρατεύσων. κὰν τοῦτω φθάσαντες οἱ ἐναντιοὶ ἀντεσέβαλον ἐς τὴν ἀρχὴν αὐτοῦ: καὶ οἱ μὲν ἄλλοι Κίρταν ἐπολιόρκουν, ὁ δὲ δὴ ταμίας ἐπ' ἐκεῖνον σὺν τοῖς ἱππεῦσιν ὥρμησε, καὶ τισιν ἱππομαχίαις κρατήσας τὸν συνταμίαν προσεποιήσατο. πραχθέντων δὲ τούτων ὁ Σέξτιος νεαλῇ τινα ἐπικουρίαν προσλαβὼν ἀνεκινδύνευσεν, καὶ τὸν τε ταμίαν ἀντενίκησε καὶ τὸν Λαίλιον κατατρέχοντα τὴν χώραν ἐς τὸ ἔρυμα ^[6] κατέκλεισε. τὸν τε Κορνούφικιον ἐπαμνυοῦντα ἀπατήσας ὥς καὶ ἐαλωκότος ἐκείνου καὶ ἐς ἀθυμίαν ἐμβαλὼν ἥττησε, καὶ αὐτόν τε ἐν τῇ μάχῃ ἀπέκτεινε καὶ τὸν Λαίλιον ἐπεξελθόντα ὥς καὶ κατὰ νώτου σφίσι προσπεσοῦμενον. 22. πράξας δὲ ταῦτα τὴν τε Ἀφρικὴν κατέσχε καὶ ἐκατέρου

τοῦ ἔθνους ἀδεῶς ἦρχε, μέχρις οὗ ὁ Καῖσαρ ἐκ τῶν συνθηκῶν τῶν πρὸς τε τὸν Ἀντώνιον καὶ τὸν Λέπιδον οἱ γενομένων τὴν ἀρχὴν αὐτῶν λαβὼν Γαίον σφισι Φουφίκιον Φάγγωνα προσέταξε: τότε γὰρ ἐκὼν δὴ τῶν ἐθνῶν ἐξέστη.
[2] ὡς μέντοι ἢ τε μάχη ἢ κατὰ τὸν Βροῦτον τὸν τε Κάσσιον ἐγένετο, καὶ ὁ Καῖσαρ ὃ τε Ἀντώνιος τὰ [p. 264] τε ἄλλα ἀνεδάσαντο, καὶ τῆς Λιβύης Καῖσαρ μὲν τὴν Νουμιδιαν Ἀντώνιος δὲ τὴν Ἀφρικὴν ἔλαβεν ὁ γὰρ Λέπιδος ἐν αὐτοῖς ὀνόματι μόνον, ὥσπερ εἶπον, ἦρχε, καὶ πολλάκις γε οὐδὲ τοῦτο ἐν τοῖς [3] γράμμασι προσενεγράφετό, ὡς οὖν ταῦτα τε οὕτως ἐγένετο καὶ ἡ Φουλουία τὴν Ἀφρικὴν αὐτῷ παραλαβεῖν ἐκέλευσεν ἔν γὰρ τῇ Λιβύῃ καὶ τότε ἔτι, πρόφασιν μὲν διὰ τὸν χειμῶνα, ἔργῳ δὲ εὖ εἰδὼς ὅτι νεωτερισθῆσοιτό τι, ἐνδιέτριψέ, τὸν μὲν Φάγγωνα οὐκ ἔπεισε τῆς χώρας ἐκστῆναι, τοὺς δὲ ἐπιχωρίους ἀχθομένους οἱ ἔν τε γὰρ τῷ μισθοφορικῷ ἐστράτευτο: πολλοὶ γὰρ καὶ τῶν τοιούτων ἐς τὸ βουλευτήριον, ὥσπερ εἴρηται μοι, κατελελέχато: καὶ κακῶς αὐτῶν ἦρχέ προσηταιρίσατο. [4] γενομένου δὲ τούτου ὁ Φάγγων ἐς τὴν Νουμιδιαν ἀνεχώρησε, καὶ τοὺς τε Κιρτησίους καταφρονήσαντας αὐτοῦ πρὸς τὰ παρόντα κακῶς μετεχειρίσατο, καὶ Ἀραβίωνά τινα δυναστεύοντα ἐν τοῖς προσοικοῦσι σφισι βαρβάροις, καὶ πρότερον μὲν τῷ Λαίλιῳ συναράμενον, ὕστερον δὲ τῷ Σεξιῳ προσθέμενον, ἐξέβαλεν ἐκ τῆς ἀρχῆς, [5] ἐπειδὴ οἱ μὴ ἠθέλησε συμμαχεῖσαι. καταφυγόντα τε αὐτὸν πρὸς τὸν Σέξιον ἐξαιτήσας καὶ μὴ λαβὼν ὀργὴν τε ἐποιήσατο, καὶ ἐς τὴν Ἀφρικὴν ἐμβαλὼν τῆς μὲν χώρας ἐκάκωσεν, ἀντιστρατοπεδευσασμένου δὲ αὐτῷ τοῦ Σεξιῦ μάχαις βραχείαις μὲν πολλαῖς δ' οὖν ἡττήθη, καὶ διὰ τοῦτ' [6] ἐς τὴν Νουμιδιαν αὐθις ἀνεκομίσθη. καὶ αὐτῷ ὁ Σέξιος ἀντεπελθὼν ἐλπίδα μὲν ὡς καὶ διὰ βραχείας τῇ τοῦ Ἀραβίωνος μάλιστα ἱππεῖα νικήσων [p. 266] ἔσχεν, ὑποτοπήσας δὲ τι καὶ δολοφονήσας ἐκείνον οὐδὲν ἔτι τότε γε ἔπραξεν: οἱ γὰρ ἱππῆς χαλεπῶς ἐπὶ τῷ ὀλέθρῳ αὐτοῦ σχόντες ἐγκατέλιπον αὐτόν, καὶ οἱ γε πλείους σφῶν τὰ τοῦ 23. [3] τοιοῦτοις μὲν λογισμοῖς ὁ Καῖσαρ ἐς τὴν Σικελίαν ἠπειγέτο. καὶ αὐτῷ τὸ ἀκρωτήριον τὸ Παλίνουρον ὀνομαζόμενον ὑπερβάλλοντι χειμῶν μέγας ἐπέπεσε· καὶ οὕτως τε πολλὰς ναῦς ἔφθειρε, καὶ ὁ Μηνῆς ταραττομέναις ταῖς λοιπαῖς ἐπιγενόμενος [4] συχνὰς τὰς μὲν ἔκασσε τὰς δ' ἀνεδήσατο. εἰ δὲ μὴ αὐθις ἐπὶ τε τῇ ἀδείᾳ καὶ ἐπ' ἄλλαις τισὶν ἐλπίσι μετέστη, καὶ τριῆρεις ψευδαντομόλους δεξάμενος πᾶν τὸ ναυτικὸν οὗ ἦρχε προέδωκε, διὰ κενῆς ἂν καὶ τότε ὁ ἐπίπλους τῷ Καίσαρι ἐγένετο. τοῦτο δὲ ἔπραξεν, ὅτι οὐτε τῷ Λεπίδῳ πολεμῆσαι ὑπὸ τοῦ Σέξτου ἐπετράπη καὶ πρὸς [5] πάντα τᾶλλα ὑπωπτεύετο. Καῖσαρ δὲ προσήκατο μὲν αὐτὸν καὶ τότε ἄσμενέστατα, οὐ μέντοι καὶ ἐπίστευσέ τι ἔτ' αὐτῷ. ὥς δ' οὖν τὰς τε πεποννηκυίας ναῦς ἐπεσκευάσατο, καὶ τοὺς δούλους τοὺς τριηρίτας ἠλευθέρωσε, τοὺς τε περίνεως 'πολλοὶ γὰρ φθειρομένων ἐν τῇ ναυαγίᾳ τῶν σκαφῶν ἀπεκολύμβησαν' ἐς τὸ τοῦ Ἀντωνίου ναυτικὸν [p. 342] [6] ὀλιγανδροῦν κατέταξεν, ἔς τε Λιπάραν ἦλθε, κάνταῦθα τὸν τε Ἀγρίππαν καὶ τὰς ναῦς καταλιπὼν ἐς τὴν ἡπειρον ἐκομίσθη, ἵνα καὶ τὸν πεζὸν ἐς τὴν Σικελίαν, ὅταν καιρὸς γένηται, περαιώσῃ. 2. μαθὼν δὲ ταῦτα ὁ Σέξτος αὐτὸς μὲν ἐν Μεσσήνῃ ὑφώρμει, τὸν διάπλουν αὐτοῦ τηρῶν, τῷ δ' Ἀγρίππᾳ Δημοχάρην ἀνθορμεῖν ἐν Μύλαις ἐκέλευσεν. [2] οὗτοι οὖν τὸ μὲν πλεῖστον τοῦ χρόνου ἀποπειρώμενοι μὲν ἀλλήλων κατὰ τὸ παρεῖκον, οὐ μέντοι καὶ ἐναποκινδυνεῦσαι παντὶ τῷ στόλῳ τολμῶντες, κατανάλωσαν· οὔτε γὰρ τὰς δυνάμεις ἀλλήλων ἥδεσαν, καὶ πάντα πρὸς τε τὸ μέζον καὶ πρὸς τὸ φοβερώτερον παρ' ἀμφοτέροις περὶ [3] τῶν ἐτέρων ἐλογοποιεῖτο. τέλος δὲ ὁ Ἀγρίππας συνιὲς ὅτι οὐ συμφέρει οἱ διατρίβειν 'οἱ γὰρ τοῦ Σέξτου, ἅτε ἐν τῇ οἰκείᾳ ναυλοχοῦντες, οὐδὲν ἐδέοντο σπεύδειν' τὰς τε ἀρίστας τῶν νεῶν ἔλαβε, καὶ ἐπὶ τὰς Μύλας πρὸς κατασκοπὴν τοῦ τῶν ἐναντίων πλήθους ὥρμησε. καὶ ἐπειδὴ μήτε πάντας αὐτοὺς ἰδεῖν ἠδυνήθη μήτ' ἀναχθῆναι τις αὐτῶν ἠθέλησε, κατεφρόνησεν αὐτῶν, καὶ ἐπανελθὼν παρεσκευάζετο ὥς καὶ πάσαις ταῖς ναυσὶ τῆς ὑστεραίας ἐπὶ τὰς Μύλας ἐπιπλευσούμενος. [4] τὸ δ' αὐτὸ τοῦτο καὶ ὁ Δημοχάρης ἔπαθε· μόνας τε γὰρ τὰς ἀφικομένας ναῦς ὑποτοπήσας εἶναι, καὶ βραδύτατα αὐτὰς ὑπὸ τοῦ μεγέθους πλεούσας ἰδὼν, τὸν τε Σέξτον τῆς νυκτὸς μετεπέμψατο, καὶ ἡτοιμάζετο ὥς καὶ αὐτῇ τῇ Λιπάρᾳ προσμιξῶν. ἡμέρα τε ὑπέφηνε, καὶ ἀμφοτέροι ἅμα ὥς καὶ ἐπ' ἐλάττους σφῶν ἀλλήλους ὄντας ἔπλεον. Ἀγρίππας μὲν δὴ ταῦτά τε ἐποίει, καὶ τοὺς ἀστρολόγους τοὺς τε γόητας ἐκ τῆς πόλεως ἐξήλασεν· ὑπὸ δὲ τὰς αὐτὰς ἡμέρας δόγμα ἐγένετο μηδένα τῶν ἐς τὴν γερουσίαν τελούντων ἐπὶ ληστεία κρίνεσθαι, καὶ οὕτως οἱ τε τότε ἐν τοιαύτῃ τινὶ αἰτίᾳ ὄντες [p. 430] ἀφειθήσαν, καὶ ἐς τὸ ἔπειτα ἄδειά τισι κακουργεῖν [6] ἐδόθη. ὁ δ’ οὖν Καῖσαρ τὴν τε ὑπατεῖαν ἦρξε γὰρ μετὰ Λουκίου Τούλλου 114 δευτέρον’ τῇ πρώτῃ εὐθύς ἡμέρᾳ κατὰ τὸν τοῦ Ἀντωνίου τρόπον ἀπεῖπε, καὶ ἐς τὸ τῶν εὐπατριδῶν γένος ἐκ τοῦ πλήθους τινὰς ψηφισαμένης τῆς βουλῆς ἐσήγαγεν. Ἀντωνίος δὲ ἐν τούτῳ ἤλασε μὲν μέχρι τοῦ Ἀράξου ὥς καὶ ἐπὶ τοὺς Πάρθους στρατεύσων, ἠρκέσθη δὲ τῇ πρὸς τὸν Μῆδον ὁμολογίᾳ· συμμαχήσειν τε γὰρ ἀλλήλοις, ὁ μὲν ἐπὶ τοὺς Πάρθους [2] ὁ δὲ ἐπὶ τὸν Καίσαρα, συνθέντο, καὶ ἐπὶ τούτῳ στρατιώτας τέ τινας ἀντέδοσάν σφισι, καὶ ὁ μὲν τῆς Ἀρμενίας τῆς νεοκτῆτου

1. ὁ δὲ δῆμος ὁ τῶν Ῥωμαίων τῆς μὲν δημοκρατίας ἀφήρητο, οὐ μέντοι καὶ ἐς μοναρχίαν ἀκριβῆ ἀπεκέκριτο, ἀλλ' ὁ τε Ἀντώνιος καὶ ὁ Καῖσαρ ἐξ ἴσου ἔτι τὰ πράγματα εἶχον, τὰ τε πλείω σφῶν διειληχότες, καὶ τὰ λοιπὰ τῷ μὲν λόγῳ κοινὰ νομίζοντες, τῷ δὲ ἔργῳ, ὡς που πλεονεκτῆσαι τι ἐκάτερος αὐτῶν ἐδύνατο, ἰδιούμενοι. [2] μετὰ δὲ δὴ τοῦτο, ὡς ὁ τε Σέξτος ἀπωλώλει καὶ ὁ Ἀρμένιος ἐαλώκει τὰ τε προσπολεμήσαντα τῷ Καίσαρι ἡσύχαζε καὶ ὁ Πάρθος οὐδὲν παρεκίνει, καὶ ἐκεῖνοι φανερώς ἐπ' ἀλλήλους [p. 436] ἐτράποντο καὶ ὁ δῆμος ἀκριβῶς ἐδουλώθη. αἰτία δὲ τοῦ πολέμου καὶ σκήψεις αἶδε αὐτοῖς ἐγένοντο. [3] Ἀντώνιος μὲν Καίσαρι ἐπεκάλει ὅτι τὸν τε Λέπιδον τῆς ἀρχῆς ἐπεπαύκει καὶ τὴν χώραν τὴν τε δύναμιν τὴν τε ἐκείνου καὶ τὴν τοῦ Σέξτου, κοινήν σφων ὀφείλουσαν εἶναι, ἐσφετέριστο: καὶ τούτων τε τὴν ἡμίσειαν ἀπῆτει, καὶ τῶν στρατιωτῶν οὓς ἐκ τῆς Ἰταλίας τῆς ἀμφοτέροις σφίσι [4] προσηκούσης κατεῖλετο. Καῖσαρ δὲ ἐκείνῳ ὅτι ἄλλα τε καὶ τὴν Αἴγυπτον μὴ λαχὼν εἶχε, τὸν τε Σέξτον ἀπεκτόνει· αὐτὸς γὰρ ἐκὼν πεφείσθαι αὐτοῦ ἔλεγέ, καὶ τὸν Ἀρμένιον ἐξαπατήσας καὶ συλλαβὼν καὶ δῆσας πολλὴν τῷ δήμῳ κακοδοξίαν [5] προσετέτριπτο: τὰ τε ἡμίσεια καὶ αὐτὸς τῶν λαφύρων ἀπῆτει, καὶ παρὰ πάντα ἐπέφερεν αὐτῷ τὴν τε Κλεοπάτραν καὶ τοὺς παῖδας οὓς ἐξ αὐτῆς ἀνήρητο, τὰ τε δωρηθέντα σφίσι, καὶ ἐν τοῖς μάλιστα ὅτι τὸν Καισαρίωνα ἐπωνόμαζεν 2. οὕτω καὶ ἐς τὸ τοῦ Καίσαρος γένος ἦγε. ταῦτά τε οὖν ἀλλήλοις ἀντενεκάλουν καὶ πῃ καὶ ἀνταπελογοῦντο, τὰ μὲν ἰδία σφίσιν ἐπιστέλλοντες, τὰ δὲ καὶ ἐν τῷ κοινῷ λέγων μὲν ὁ Καῖσαρ γράφων δὲ ὁ Ἀντώνιος: πρέσβεις τε ἐπὶ τῇ προφάσει ταύτῃ συνεχῶς ἀνταπέστελλον, ὅπως ὅτι μάλιστα τὰ τε ἐγκλήματα δικαιοτάτα ποιεῖσθαι δόξωσι [2] καὶ τὰ ἀλλήλων ἅμα κατασκοπῶσι: κὰν τούτῳ καὶ χρήματα ὡς καὶ ἐπ' ἄλλο τι ἡθορίζον, καὶ τὴν λοιπὴν τοῦ

πολέμου παρασκευήν ὡς καὶ ἐφ' [p. 438] ἑτέρους τινὰς ἐποιοῦντο, μέχρις οὗ ὃ τε Δομίτιος ὁ Γναῖος καὶ ὁ Σόσσιος ὁ Γάιος, ἀμφότεροι τῆς τοῦ Ἀντωνίου μερίδος ὄντες, ὑπάτευσαν. τότε γὰρ οὐδὲν ἔτ' ἐπεκρύψαντο, ἀλλ' ἀντικρυς ἐπολεμώθησαν. ἐπράχθη δὲ ὥδε. [3] ὁ μὲν Δομίτιος οὐδὲν φανερώς, ὡς γε καὶ συμφορῶν πολλῶν πεπειραμένος, ἐνεόχμωσεν· ὁ δὲ δὴ Σόσσιος, οἷα κακῶν ἄπειρος ὢν, πολλὰ μὲν τὸν Ἀντώνιον ἐν αὐτῇ εὐθύς τῇ νουμηνίᾳ ἐπήνεσε, πολλὰ δὲ καὶ τὸν Καίσαρα κατέδραμε. κἂν παραχρῆμα ἐπ' αὐτῷ τι ἐξηρημάτισεν, εἰ μὴ [4] Νώνιος Βάλλος δημαρχῶν ἐκώλυσεν. ὁ γὰρ Καῖσαρ ὑποτοπήσας τὸ μέλλον ὑπ' αὐτοῦ γενήσεσθαι, καὶ μῆτε περιδεῖν αὐτὸ μῆτ' αὖ ἐναντιωθεὶς προκατάρχειν τοῦ πολέμου δόξα ἐθέλησας, τότε μὲν οὔτε ἐς τὸ βουλευτήριον ἐσῆλθεν οὐθ' ὅλως ἐν τῇ πόλει διητήθη, ἀλλὰ τινα αἰτίαν πλάσάμενος ἐξεδήμησε, διὰ τε ταῦτα καὶ ἵνα κατὰ σχολὴν πρὸς τὰ ἀγγελθέντα οἱ βουλευσάμενος [5] τὸ δέον ἐκ πλείονος λογισμοῦ πράξει· ὕστερον δὲ ἐπανελθὼν τὴν τε γερουσίαν ἡθροισε φρουρὰν τῶν τε στρατιωτῶν καὶ τῶν φίλων ἐγχειρίδια κρύφα ἐχόντων περιβαλόμενος, καὶ ἐν μέσῳ τῶν ὑπάτων ἐπὶ δίφρου ἀρχικοῦ ἰζήσας, πολλὰ μὲν αὐτόθεν ἐκ τῆς ἔδρας καὶ μέτρια ὑπὲρ ἑαυτοῦ διελέχθη, πολλὰ δὲ καὶ τοῦ Σοσίου τοῦ τε Ἀντωνίου [6] κατηγορήσεν. ἐπειδὴ τε οὔτε ἄλλος τις οὐτ' αὐτῶν τῶν ὑπάτων οὐδέτερος φθέγγασθαι τι ἐτόλμησεν, ἐκέλευσέ σφας ἐν ῥητῇ ἡμέρᾳ αὐθις συνελθεῖν ὡς καὶ διὰ γραμμάτων τινῶν ἀδικοῦντα [p. 440] τὸν Ἀντώνιον ἐξελέγξων. οἱ οὖν ὑπατοὶ μῆτ' ἀντειπεῖν αὐτῷ θαρσοῦντες μῆτε σιωπῆσαι ὑπομένοντες τῆς τε πόλεως λάθρᾳ προεξεχώρησαν καὶ μετὰ τοῦτο πρὸς τὸν Ἀντώνιον ἀπῆλθον, καὶ σφισι καὶ τῶν ἄλλων βουλευτῶν οὐκ ὀλίγοι [7] συνεφέσποντο. μαθὼν δὲ τοῦτο ὁ Καῖσαρ ἐκὼν τε αὐτοὺς ἐκπεπομφέναι ἔφασκεν, ἵνα μὴ καὶ ὡς ἀδικῶν τι ἐγκαταλελειφθαι ὑπ' αὐτῶν δοκῇ, καὶ ἐπιτρέπῃ καὶ τοῖς ἄλλοις τοῖς ἐθέλουσι πρὸς τὸν Ἀντώνιον μετὰ ἀδείας ἀπᾶραι. 3. τοῦτο δ' οὖν τοιοῦτον ὑπ' ἐκείνων γενόμενον ἀνεσῆκωσαν παρὰ τοῦ Ἀντωνίου αὖ φυγόντες καὶ πρὸς τὸν Καίσαρα ἐλθόντες ἄλλοι τε καὶ ὁ Τίτιος καὶ ὁ Πλάγκος, καίπερ ἀνὰ πρῶτους τε ὑπ' αὐτοῦ τιμώμενοι καὶ τὰ ἀπόρρητα αὐτοῦ [2] πάντα εἰδότες. ἐπειδὴ γὰρ ταῦτα τε οὕτως ὑπὸ τῶν ὑπάτων ἐπέπρακτο, καὶ προσέτι καὶ ἐν τῇ ἀπουσίᾳ αὐτῶν ὁ Καῖσαρ τὴν τε γερουσίαν συνήγαγε καὶ ἀνέγνω καὶ εἶπεν ὅσα ἠθέλησε, καὶ αὐτὰ ὁ Ἀντώνιος ἀκούσας βουλὴν τέ τινα ἐκ τῶν παρόντων ἡθροισε καὶ λεχθέντων ἐφ' ἑκάτερα πολλῶν τὸν τε πόλεμον ἀνείλετο καὶ τὴν τῆς Ὀκταουίας συνοίκησιν ἀπέλιπε, προσκρούσαντές τι αὐτῷ ἐκείνοι, ἢ καὶ τῇ Κλεοπάτρᾳ τι ἀχθεσθέντες, [3] ἠτύομόλησαν. καὶ σφας ὁ Καῖσαρ ἀσμενέστατα δεξάμενος τὰ τε ἄλλα τὰ τοῦ Ἀντωνίου παρ' αὐτῶν πάντα, καὶ ἃ ἐπραττε καὶ ἃ ἐνενόει, καὶ τὰ ἐν ταῖς διαθήκαις αὐτοῦ γεγραμμένα τὸν τε ἔχοντα αὐτὰς ἔμαθε· καὶ γὰρ σεσημασμένοι [4] σφᾶς ἦσαν. κάκ τούτου περιοργῆς ἔτι καὶ μᾶλλον γενόμενος οὐκ ὥκνησεν οὐτ' ἀναζητῆσαι [p. 442] αὐτὰς οὔτε λαβεῖν οὔτε ἔς τε τὸ βουλευτήριον καὶ μετὰ τοῦτο καὶ ἐς ἐκκλησίαν ἐσκομίσαι καὶ ἀναγνῶναι. τοιαῦτα γάρ που ἐν αὐταῖς ἀνεγέγραπτο ὥστε μηδ' αἰτίαν τινὰ παρ' αὐτῶν, καίτοι [5] παρανομώτατον πρᾶγμα ποιήσας, σχεῖν· τῷ τε γὰρ Καισαρίῳνι ὡς καὶ ἐκ τοῦ Καίσαρος ὄντως γεγονότι ἐμεμαρτυρῆκει, καὶ

Μήτ' οὖν Ῥωμαῖον εἶναι τις αὐτὸν νομιζέτω, ἀλλὰ τινα Αἰγύπτιον, μήτ' Ἀντώνιον ὀνομαζέτω, ἀλλὰ τινα Σαραπίωνα: μὴ ὕπατον, μὴ αὐτοκράτορα γεγενῆσθαι ποτὲ ἠγείσθω, ἀλλὰ γυμνασίαρχον. [2] ταῦτα γὰρ ἀντ' ἐκείνων αὐτὸς ἐβελοντῆς ἀνθείλετο, καὶ πάντα τὰ πάτρια σεμνολογήματα ἀπορρίψας εἷς τῶν ἀπὸ Κανώβου κυμβαλιστῶν γέγονε. μὴ μέντοι μηδὲ δείσῃ τις αὐτὸν ὥς καὶ ῥοπήν τῷ [3] πολέμῳ παρέξοντα. ἦν μὲν γὰρ οὐδὲ ἐν τῷ πρὶν ἄξιός τις, ὥς που σαφῶς ἴστε οἱ περὶ Μούτιναν αὐτοῦ κεκρατηκότες: εἰ δ' οὖν ποτε καὶ ἐκ τῆς σὺν ἡμῖν στρατείας ἀρετὴν τινα ἔσχεν, ἀλλ' εὖ ἴσθ' ὅτι νῦν πᾶσαν αὐτὴν ἐν τῇ τοῦ βίου μεταβολῇ [4] διέφθοσκεν. ἀδύνατον γὰρ ἐστὶ βασιλικῶς τέ τινα τρυφῶντα καὶ γυναικείως θρυπτόμενον ἀνδρῶδες τι φρονῆσαι καὶ πρᾶξι, διὰ τὸ πᾶσαν ἀνάγκην εἶναι, οἷοις ἂν τις ἐπιτηδεύμασι συνῇ, [5] τούτοις αὐτὸν ἐξομοιοῦσθαι. τεκμήριον δέ, ἓνα πόλεμον ἐν παντὶ τούτῳ τῷ χρόνῳ πεπολεμηκῶς καὶ μίαν στρατείαν πεποιημένος παμπόλλους μὲν ἐν ταῖς μάχαις πολίτας ἀπολώλεκεν, αἰσχιστὰ δὲ ἀπὸ τῶν Πραάσπων ἀποκεχώρηκε, πλείστους [p. 494] [6] δὲ καὶ ἐν τῇ φυγῇ προσαποβέβληκεν. ὥστ' εἰ μὲν γελοιῶς πως ὀρχεῖσθαι καὶ κορδακίζειν τινὰ ἡμῶν ἐχρήν, πάντως ἂν ἔλαττον αὐτοῦ ἠνέγκατο 'ταῦτα γὰρ μεμελέτηκεν': ἐπειδὴ δὲ ὅπλων καὶ μάχης δεῖ, τί τις ἂν αὐτοῦ φοβηθεῖ; τὴν ἀκμὴν τοῦ σώματος; ἀλλὰ παρήβηκε καὶ ἐκτεθῆλυνται. τὴν ῥώμην τῆς γνώμης; ἀλλὰ γυναικίζει [7] καὶ ἐκκεκιναιδισται. τὴν εὐσέβειαν τὴν πρὸς τοὺς θεοὺς ἡμῶν; ἀλλὰ πολεμεῖ καὶ ἐκείνοις καὶ τῇ πατρίδι. τὴν πιστότητα τὴν πρὸς τοὺς συμμάχους; καὶ τίς οὐκ οἶδεν ὅπως τὸν Ἀρμένιον ἐξαπατήσας ἔδησε; τὴν ἐπείκειαν τὴν πρὸς τοὺς φίλους; καὶ τίς οὐχ ἐόρακε τοὺς ὑπ' αὐτοῦ κακῶς ἀπολωλότας; τὴν εὐδοξίαν τὴν παρὰ τοῖς στρατιώταις; καὶ τίς οὐχὶ καὶ ἐκείνων αὐτοῦ [8] κατέγνωκε; σημεῖον δὲ ὅτι συχνοὶ καθ' ἐκάστην ἡμέραν πρὸς ἡμᾶς μεθίστανται. νομίζω δὲ ἔγωγε ὅτι καὶ πάντες οἱ πολῖται ἡμῶν τοῦτο ποιήσουσιν, ὥσπερ ποτὲ καὶ πρότερον, ὅτε ἐκ τοῦ Βρεντεσίου [9] πρὸς τὴν Γαλατίαν ἦει. μέχρι μὲν γὰρ πλουτήσιν ἀκινδύνως ἥλπίζον, καὶ μάλα ἄσμενοί τινες αὐτῷ συνῆσαν: μάχεσθαι δὲ δὴ πρὸς ἡμᾶς τοὺς ὁμοφύλους ὑπὲρ τῶν μηδὲν σφισι προσηκόντων, ἄλλως τε καὶ ἐξὸν αὐτοῖς ἀδεῶς σὺν ἡμῖν καὶ σῶζεσθαι καὶ εὐδαιμονεῖν, οὐκ ἐβελήσουσιν. 28.

αὕτη μὲν ἢ τῶν δῆμων κατάστασις, ἐν δὲ δὴ ταῖς τυραννίσι πάντα τάναντία συμβαίνει. καὶ τὰ μὲν πολλὰ τί δεῖ μηκύνειν λέγοντα; τὸ δὲ δὴ κεφάλαιον, χρηστὸν μὲν οὐδεὶς οὐδὲν οὐτ' εἰδέναι οὐτ' ἔχειν δοκεῖν βούλεται ἑπολέμιον γὰρ αὐτῷ πᾶν ἐπὶ τούτῳ τὸ κρατοῦν ὡς πλήθει γίγνεται, [2] τὸν δὲ ἐκείνου τις τρόπον κανόνα τοῦ βίου ποιησάμενος, ὃ τι ποτ' ἂν ἐλπίσῃ δι' αὐτοῦ πλεονεκτήσας ἀκινδύνως κερδανεῖν, μετέρχεται. καὶ διὰ τοῦθ' οἱ πλείους σφῶν τό τε καθ' ἑαυτοὺς μόνον σπεύδουσι καὶ πάντας τοὺς ἄλλους μισοῦσι, τὰς τε εὐπραγίας αὐτῶν οἰκείας ζημίας καὶ τὰς συμφορὰς ἴδια κέρδη ποιοῦμενοι. [3]

τοιούτων δὲ δὴ τούτων ὄντων οὐχ ὁρῶ τί ποτ' ἂν εἰκότως ἐπάρειέ σε μοναρχῆσαι ἐπιθυμῆσαι. πρὸς γὰρ τῷ τοῖς δῆμοις χαλεπὸν εἶναι τὸ πολιτεύμα, πολὺ δυσχερέστερον αὐτῷ σοι γένοιτο ἄν. καὶ ἵνα γε ἀπὸ πρώτου τοῦ βραχυτάτου ἄρξωμαι, χρήματά σοι πολλὰ καὶ πανταχόθεν ἀναγκαῖον ἔσται πορίζειν: ἀδύνατον γὰρ τὰς νῦν οὖσας προσόδους πρὸς τε τᾶλλα καὶ πρὸς τὴν τῶν στρατιωτῶν τροφήν ἐξαρκέσαι. τοῦτο δὲ ἔστι μὲν καὶ ἐν ταῖς δημοκρατίαις: οὐ γὰρ οἷόν τε [2] πολιτείαν τινὰ ἄνευ δαπάνης συστήναι. ἀλλ' ἐν μὲν ἐκείναις μάλιστα μὲν ἐκόντες πολλοὶ πολλὰ ἐπιδιδόασιν, ἐν φιλοτιμίας μέρει τὸ πρᾶγμα ποιοῦμενοι καὶ τιμὰς ἀντ' αὐτῶν ἀξίας ἀντιλαμβάνοντες: ἂν δὲ που καὶ ἀναγκαῖα παρὰ πάντων ἐσφορὰ γένωνται, ἑαυτοὺς τε πείθοντες [3] καὶ ὑπὲρ ἑαυτῶν συντελοῦντες ἀνέχονται. ἐν δὲ δὴ ταῖς δυναστείαις τὸ τε ἄρχον πάντες μόνον ὡς καὶ ὑπερπλουτοῦν ἀξιοῦσι δαπανᾶσθαι, τὰς μὲν προσόδους αὐτοῦ ἐτοιμῶς ἐξερευνώμενοι, τὰ δ' ἀναλώματα οὐκέθ' ὁμοίως ἐκλογιζόμενοι: καὶ οὐτ' ἴδια ἡδέως ἢ καὶ ἐκόντες ἐπιδιδόασιν τι, οὔτε τὰς [p. 90] [4] κοινὰς συντελείας αὐθαίρετους ποιοῦνται. ἐκεῖνο μὲν γὰρ οὐτ' ἂν ἐθέλησεί τις ὅτι οὐδὲ γὰρ οὐδ' ὁμολογήσειεν ἂν ῥαδίως πλουτεῖν οὔτε συμφέρει τῷ κρατοῦντι γίνεσθαι: αὐτίκα γὰρ ἂν δόξαν παρὰ τοῖς πολλοῖς ὡς καὶ φιλόπολις ἔχων ὀγκωθεῖ καὶ νεωτερίσειε. τὸ δ' ἕτερον πάνυ τοὺς πολλοὺς βαρύνει, καὶ μάλιστα ὅτι τὴν μὲν ζημίαν αὐτοὶ ὑπομένουσι, τὸ δὲ δὴ κέρδος ἕτεροι [5] λαμβάνουσιν. ἐν μὲν γὰρ ταῖς δημοκρατίαις καὶ στρατεῦνται ὡς πλήθει οἱ τὰ χρήματα συνεσφέροντες, ὥστε τρόπον τινὰ αὐθις αὐτὰ ἀπολαμβάνουσιν: ἐν δὲ ταῖς μοναρχίαις ἄλλοι μὲν ὡς τὸ πολὺ καὶ γεωργοῦσι καὶ δημιουργοῦσι καὶ ναυτίλλονται καὶ πολιτεύονται, παρ' ὧν περ καὶ αἱ λήψεις μάλιστα γίνονται, ἄλλοι δὲ τὰ ὅπλα ἔχουσι καὶ τὸν μισθὸν φέρουσιν. 7.

1. τότε μὲν ταῦτ' ἐγένετο, τῷ δὲ ἐξῆς ἔτει ἕκτον ὁ Καῖσαρ ἦρξε, καὶ τὰ τε ἄλλα κατὰ τὸ νομιζόμενον [p. 194] ἀπὸ τοῦ πάνυ ἀρχαίου ἐποίησε, καὶ τοὺς φακέλους τῶν ράβδων τῷ Ἀγρίππᾳ συνάρχοντι οἱ κατὰ τὸ ἐπιβάλλον παρέδωκεν, αὐτὸς τε ταῖς ἑτέραις ἐχρήσατο, καὶ διάρξας τὸν ὄρκον κατὰ [2] τὰ πάτρια ἐπήγαγε. καὶ εἰ μὲν καὶ αὖθις ταῦτ' ἐποίησεν, οὐκ οἶδα: τὸν γὰρ Ἀγρίππαν ἐς ὑπερβολὴν ἐτίμα: ἀμέλει τὴν τε ἀδελφιδὴν αὐτῷ συνώκισε, καὶ σκηνὴν, ὅποτε συστρατεύοιντο, ὁμοίαν τῇ ἑαυτοῦ παρεῖχε, τὸ τε σύνθημα παρ' [3] ἀμφοτέρων σφῶν ἐδίδοδο. ἐν δ' οὖν τῷ τότε παρόντι τὰ τε ἄλλα ὥσπερ εἴθιστο ἔπραξε, καὶ τὰς ἀπογραφὰς ἐξετέλεσε, καὶ ἐν αὐταῖς πρόκριτος τῆς γερουσίας ἐπεκλήθη, ὥσπερ ἐν τῇ ἀκριβεῖ δημοκρατίᾳ ἐνενόμιστο. τὸ τε Ἀπολλώνιον τὸ ἐν τῷ Παλατίῳ καὶ τὸ τεμένισμα τὸ περὶ αὐτό, τὰς τε ἀποθήκας τῶν βιβλίων, [4] ἐξεποίησε καὶ καθιέρωσε. καὶ τὴν πανήγυριν τὴν ἐπὶ τῇ νίκῃ τῇ πρὸς τῷ Ἀκτίῳ γενομένην ψηφισθεῖσαν ἤγαγε μετὰ τοῦ Ἀγρίππου, καὶ ἐν αὐτῇ τὴν ἵπποδρομίαν διὰ τε τῶν παιδῶν [5] καὶ διὰ τῶν ἀνδρῶν τῶν εὐγενῶν ἐποίησε. καὶ αὕτη μὲν διὰ πέντε αἰεὶ ἐτῶν μέχρι τοῦ ἐγίγνετο, ταῖς τέσσαρσιν ἱερωσύναις ἐκ περιτροπῆς μέλουσα, λέγω δὲ τοὺς τε ποντίφικας καὶ τοὺς οἰωνιστὰς τοὺς τε ἑπτὰ καὶ τοὺς πεντεκαίδεκα ἄνδρας καλουμένους: τότε δὲ καὶ γυμνικὸς ἀγὼν [p. 196] σταδίου πινὸς ἐν τῷ Ἀρειῳ πεδίῳ ξυλίνου κατασκευασθέντος ἐποιήθη, ὀπλομαχία τε ἐκ τῶν αἰχμαλώτων [6] ἐγένετο. καὶ ταῦτα καὶ ἐπὶ πλείους ἡμέρας ἐπράχθη, οὐδὲ διέλιπε καίτοι νοσήσαντος τοῦ Καίσαρος, ἀλλὰ καὶ ὡς ὁ Ἀγρίππας καὶ τὸ ἐκείνου μέρος ἀνεπλήρου. 2. ὁ δ' οὖν Καῖσαρ ἔς τε τὰς θεωρίας ἐκ τῶν ἰδίων δῆθεν ἀνήλiske, καὶ ἐπειδὴ χρημάτων τῷ δημοσίῳ ἐδέησεν, ἐδανείσατό τινα καὶ ἔδωκεν αὐτῷ, πρὸς τε τὴν διοίκησιν σφῶν δύο κατ' ἔτος ἐκ τῶν ἐστρατηγηκότων αἰρεῖσθαι ἐκέλευσε. καὶ τῷ πλήθει τετραπλάσιον τὸν σῖτον ἔνειμε, βουλευταῖς [2] τέ πσι χρήματα ἐχαρίσατο: οὕτω γὰρ δὴ πολλοὶ σφῶν πένητες ἐγεγόνεσαν ὥστε μηδ' ἀγορανομῆσαι τινα διὰ τὸ μέγεθος τῶν ἀναλωμάτων ἐθελῆσαι, ἀλλὰ τὰ τε ἄλλα καὶ τὰ δικαστήρια τὰ τῇ ἀγορανομίᾳ προσήκοντα τοῖς στρατηγοῖς, καθάπερ εἴθιστο, τὰ μὲν μείζω τῷ ἀστυνόμῳ τὰ δὲ ἕτερα τῷ ξενικῷ προσταχθῆναι. The Biography

The Curia Julia, or Senate House, Rome — Cassius Dio was an active senator throughout his life; he became a suffect consul in c. 205 AD. Dio was also Proconsul in Africa and Pannonia. Severus Alexander held Dio in the highest esteem, reappointing him to the position of consul, even though his caustic nature irritated the Praetorian Guards, who reportedly demanded his life.

INTRODUCTION TO CASSIUS DIO by Earnest Cary

Cassius Dio Cocceianus was a near relative, probably a grandson, of the famous orator, Dio Chrysostom, after whom he took the names Dio and Cocceianus, and like him was a native of Bithynia. His father was Cassius Apronianus, a Roman senator, who served as governor of Cilicia and of Dalmatia. It is now established that the correct order of Dio's names, if we follow the normal Roman usage, is that just given, his praenomen being unknown. The common Greek order, however, was Δίων ὁ Κάσσιος, and this order has become so thoroughly familiar to English readers that it bids fair to remain the popular usage.

The few details known regarding Dio's life are derived from casual statements occurring in his history. The date of his birth has been variously placed between 155 and 164 A.D., according to the time assumed for his admission to the senate. We learn that he was with his father during the latter's governorship of Cilicia, and that after his father's death he came to Rome, apparently about the year 180. In describing the behaviour of Commodus toward the senate and others at the beginning of his reign, he states that his account is henceforth the result of personal observation and not hearsay. It seems a reasonable, therefore, that he was already a member of the senate at this time, and therefore at least twenty-five years of age. Pertinax in 193 nominated him to the praetorship for the following year; but in the meantime both Pertinax and his successor Julianus were overthrown, and Dio thus assumed the office under Septimius Severus. The mild course of the new ruler at the outset of his reign, taken in connexion with his past record, was such as to win the enthusiastic admiration of Dio and to encourage in him the hope that a new era was now dawning.

It was at this point, apparently, that Dio's literary work began. He wrote and published a little book, as he tells us, containing an account of the dreams and portents which had foretold to Severus his future greatness. The details he had doubtless learned from the emperor himself, and he presumably had implicit faith in all these signs, to judge from his fondness for reporting omens and prodigies in general. Upon receiving a gracious letter from Severus in acknowledgement of a presentation copy, he seemed to be admonished by a dream the following night to write history. Accordingly he compiled an account of the events leading up to the accession of Severus. This work also met with a cordial reception, both on the part of the emperor and of the public, and Dio soon formed the resolve to cover the whole period of Roman history. It has been conjectured that his original intention was to have the work find its fitting climax in the splendour of the new era inaugurated by Severus; if such

was the case, his plan must have changed very promptly. He presently withdrew largely from public affairs for the remainder of Severus' reign, and spent the greater part of his time in retirement at his country-seat in Capua. During these years he gathered his material and wrote a considerable part of the history. In a certain vague passage he seems to imply that he had been consul (suffectus, naturally) under Severus; but this first consulship should probably be dated some years later (*circa* 222), shortly before his proconsulship in Africa. Indeed, it seems altogether probable that his retirement from public life was the direct outcome of the changed policy of Severus, which could no longer command his support.

Caracalla, the successor of Severus, took Dio along as a member of his retinue on his Eastern expedition in 216, and the following winter was spent at Nicomedia; but Dio did not accompany the emperor to the Parthian war. By Macrinus he was placed over the cities of Pergamum and Smyrna as curator ad corrigendum statum civitatum, and he was continued in this position by Elagabalus. Under Alexander Severus he became proconsul of Africa, and upon his return was sent out as governor successively of Dalmatia and Upper Pannonia, both imperial provinces. In 229 he became consul for the second time (consul ordinarius) with Alexander himself as colleague. But his disciplinary measures in Pannonia had made him unpopular with the praetorians, so that he found it advisable to remain away from Rome much of the time; and he soon obtained permission to retire to Nicaea, his native city, on the plea of an ailment of the foot. This is the last he tells us about himself, and we can only conjecture how many years of leisure he enjoyed in his native land; inasmuch, however, as he was presumably already past the age of seventy at the time of his retirement, it is probable that his death occurred soon afterwards.

The work for which Dio is known to the modern world is his Roman history (Ῥωμαϊκὴ ἱστορία or Ῥωμαϊκάς), originally in eighty books, covering the period from the landing of Aeneas down to the year of his own (second) consulship in 229 A.D. The last years, however, were treated very summarily, having been added, apparently, as an afterthought. He informs us that he spent ten years in gathering material for the period down to Severus' death, that he had read everything of importance on the subject, and that twelve years was the time occupied in composing the work. The period of these labours may be roughly estimated as the years 200-222. The lexicographer Suidas attributes five other works to Dio; but it is practically certain that only one, or possibly two, of these shorter works can have been written by him. The Life of Arrian, who was a fellow-Bithynian as well as a fellow historian, may actually have been the work of Dio. If he ever wrote an account of Hadrian's reign, it was doubtless incorporated in his large work, as was the case with his first two treatises; but it is strange that he should have made no mention of it.

The whole period of nearly a thousand years covered by his history falls into three main divisions according to his own statements. The first is the

period of the republic, when political action rested with the senate and the people; the facts were public property, and even if distorted from personal motives by some writers, could readily be ascertained from others or from the public records. The second period extends from the establishment of the monarchy to the death of Marcus Varus. Under the emperors action was no longer taken openly, and such versions as were given to the public were naturally received with suspicion. Dio must now content himself in the main with giving the published reports of events, although he proposes now and then to express his own opinion based on what he has heard and read. The third period is that of his own day; he now writes of events of which he had first-hand knowledge, and, as might be expected, introduces more of detail into this portion of his work. Incidentally he states that with the accession of Commodus his history makes a sheer descent from the golden to the iron age. There are traces of a division of the work into decads. Book XLI begins the Civil War, LI the monarchy (if we accept Dio's view, here stated, that the battle of Actium marked the beginning of the reign of Augustus), and LXXI, apparently, the reign of Marcus Aurelius; while it is very probable that Book XI began the First Punic War, XXI the Third Punic War, and perhaps XXXI the First Mithridatic War.

Dio followed the annalistic order of treatment, so popular among the Romans, according to which all the events of a given year, in whatever part of the world they occurred, were grouped together. The eponymous consuls of each year are regularly named at the appropriate points in the text, and in addition there is prefixed to each book, even for the imperial age, a table of the consuls for the period covered. When he comes to the empire, moreover, he is very careful to specify to a day the exact duration of each emperor's reign, and in certain other matters aims at equal exactness. Yet in spite of all his pains in this regard it would often be extremely difficult or impossible to extract a consistent chronology from his data. For it frequently happens that in his desire to trace the causes or results of a given series of events he is led to exceed the limits of a single year by a considerable margin; occasionally also this same motive is responsible for an inversion of the actual order of events.

Unfortunately the value of his history is greatly diminished for us as the result of his blind devotion to two theories governing historical writing in his discovery. On the one hand a sense of the dignity and true value of history demanded that mere details and personal anecdotes should give place to the larger aspects and significance of events. On the other hand the historian was never to forget that he was at the same time a rhetorician; if the bare facts were lacking in effectiveness, they could be adorned, modified, or variously combined in the interest of a more dramatic presentation. These two principles, as applied by Dio, have resulted all too frequently in a somewhat vague, impressionistic picture of events, in which precisely those data which the modern historian eagerly looks for are either largely wanting or else blurred and confused. Thus names, numbers, and exact dates are often

omitted; geographical details are scanty; and even the distinctive features of the various battles are passed over in great part in favour of rhetorical commonplaces, culled from Thucydides and other models, thus robbing the battles of all or much of their individuality. A good illustration of the transformation the facts could be made to undergo in the interest of these two theories is to be seen in his account of the conquest of Gaul. It is now generally recognized that there is nothing in this account which need imply an ultimate source other than Caesar's Commentaries; and yet, were it not for the familiar names, the reader might readily be excused for failing to recognize many of the events narrated, to such an extent has Dio shifted the emphasis on the facts and assigned new motives, while all the time striving to bring into bold relief the contrasts between the Gallic and the Roman character. It is not surprising, therefore, to find that the speeches, which in Dio occupy a disproportionate amount of space (averaging one long speech or debate to the book), seem even farther removed from the realm of actual history than those of the ancient historians generally. The most famous of all these speeches, that of Maecenas to Augustus regarding the establishment of the monarchy, is in reality a political pamphlet setting forth Dio's own views of government, and parts of it are an anachronism in the mouth of Maecenas. Again, the speech which Dio makes Caesar deliver to his officers (not his troops) before the battle with Ariovistus has almost nothing in common with the address reported by Caesar himself.

The problem of Dio's sources for the periods before his own day has been investigated by various scholars with widely divergent results. It is clear that he has much in common with Livy, but the tendency of early investigators was to overrate Livy's influence. Schwartz has shown that down to the end of the Second Punic War Dio holds an independent course between the various traditions known to us. After this there is apparent an increasing similarity between his account and that of Livy, which becomes most marked in the period of the civil war, and the natural inference is that Livy was here used directly as a principal source. There are important agreements also with Polybius, but no conclusive evidence of direct dependence. Sallust was almost certainly not among Dio's sources, and it is not probable that Caesar's Commentaries were used, at least to any extent. For the period of the empire Tacitus has been confidently claimed by some as an important source, particularly for the Roman and characterization of Tiberius; others, with less probability, have denied any such influence. A few isolated parallels between Dio and Sallust, also Pliny the Elder, have been pointed out; but they are not of sufficient importance to establish any direct influence. In a few instances Dio refers to the memoirs of emperors (Augustus, Hadrian, and Severus), as if he had consulted them. He excels the other historians of Rome in the attention paid to constitutional and administrative matters, and it has been argued that he must have consulted some of the public records, at least the lists of magistrates. In general it may be said that his history gives evidence of being

based on various sources for a given period, and he seems to have made an honest attempt to arrive at the truth. Unfortunately he was not always equal to the task of reconciling the discrepancies in his sources and thus manages to contradict himself at times.

Dio's point of view is thoroughly Roman. He writes from the standpoint of a senator who, while jealous of the prerogatives of his order, is at the same time a thorough believer in the monarchy; in fact he makes the relations of the emperors to the senate the central idea in his account of the empire. His impatience with all opposition to the monarchy is probably responsible for the almost bitter hostility towards Cicero. He has a poor opinion of the common people, and he resents the great power and influence of the praetorian guard.

In style and diction the history is modelled on Thucydides. Not alone the long involved periods of the Athenian historian, but also a multitude of single words, constructions, and phrases either peculiar to him or shared with a few other writers, reappear in these pages. It would seem that Dio steeped himself in the vocabulary and thoughts of his great model until he could think almost unconsciously in the words of the other.

Dio exerted no appreciable influence on his immediate successors in the field of Roman history. But among the Byzantines he became the standard authority on the subject, a circumstance to which we doubtless owe the preservation of such a large portion of his work.

About one third of Dio's History has come down to us intact. The extant portions are: (a) Books XXXIV-LX (in large part), continued in eleven Mss.; (b) Book LXXVIII with part of LXXIX (or LXXIX with part of LXXX according to Boissevain's division), preserved in a single Ms.; (c) the Paris fragments describing events of the years 207-200 B.C., recovered from the binding of a Strabo Ms.

For our knowledge of the lost portions of Dio's work we have two kinds of sources: Excerpts contained in various Byzantine collections, together with brief quotations made by lexicographers and grammarians; and () Epitomes by Zonaras and Xiphilinus, supplemented by occasional citations in other historical writers. The quotations of the first class may be supposed to give, as a rule, the very words of Dio, subject of course to necessary changes in phraseology at the beginning, and sometimes at the end, and to occasional omission elsewhere of portions unessential to the excerptor's purpose. These constitute the Fragments of our author in the strict sense of the term. The Epitomes, on the other hand, while they often repeat entire sentences of Dio verbatim, or nearly so (as may readily be seen by comparing extant portions of the histories with Zonaras or Xiphilinus), must, nevertheless, be regarded as essentially paraphrases. A brief description of these various sources follows:

(1) The Excerpts *De Virtutibus et Vitiis* (V) are found in a Ms. of the tenth century, the *Codex Peirescianus*, now in the library of Tours. It was first published in 1634 by Henri de Valois, whence the fragments are sometimes

called Excerpta Valesiana, as well as Peiresciana. The collection consists (at present) of quotations from fourteen historians, extending from Herodotus to Malalas. From Dio there are 415 excerpts, and the Ms. originally contained still more.

The Excerpts De Sententiis (M) are contained in a Vatican palimpsest (Vaticanus Graecus 73) of the tenth or eleventh century. The Ms. is in very bad condition; numerous leaves were discarded and the others disarranged when the Ms. was used for the second writing. Angelo Mai, who first published the collection in 1826, employed chemical reagents to bring out the letters and even then had to despair of many passages. Since his use of the Ms. the letters have naturally faded still more, and parts of some leaves have been covered in the work of repair. The excerpts attributed to Dio are drawn from nearly all periods of Roman history, and fall into two groups, the first extending down to 216 B.C., the other from 40 B.C. to the reign of Constantine; between the two portions several leaves, and probably entire quaternions, have been lost from the Ms. That the former set of fragments is taken from Dio none will deny. The later collection, extends much beyond the reign of Alexander Severus, where Dio ended his history; furthermore, the style and diction are considerably different from Dio's own. It is now generally agreed that all the excerpts of this second set were the work of one man, whom Boissevain, following Niebuhr, would identify with Petrus Patricius, a historian of the sixth century. Nevertheless, though not direct quotations from Dio, they are of value in filling out both his account and that of Xiphilinus.

The Excerpts De Legationibus — Embassies (a) of the Foreign Nations to the Romans (UG) and (b) of the Romans to Foreign Nations (UR) — appear in nine Mss., all derived from a Spanish archetype (since destroyed by fire) owned by Juan Paez de Castro in the sixteenth century. First published by Fulvio Orsini in 1582, and hence called Excerpta Ursiniana.

The three collections thus far named are known collectively as the Excerpta Constantiniana. They formed a small part of a great encyclopedia of more than fifty subjects, compiled under the direction of Constantine VII. Porphyrogenetus (A.D. 912-59). They have recently been reëdited by Boissevain, de Boor, and Büttner-Wobst (Berlin, 1903-06).

The Florilegium (Flor.) of Maximus the Confessor contains excerpts from various authors, the first of which is Virtue and Vice. Mai first published a number of fragments of Dio from this collection (from a Vatican Ms.), but inserted several which have since been rejected. There are at least six Mss. of the Florilegium containing excerpts from Dio. From one of these (Parisinus 1169, of the fourteenth or fifteenth century) Boissevain adds to the previous fragments No. 55, 31a and 3b

The short syntactical lexicon (*Περὶ Συντάξεως*) (published in Bekker's *Anecdota Graeca* (vol. I pp117-180) contains nearly 140 brief citations from Dio, nearly all of which are assigned to their several books, though

unfortunately many of the numbers have been corrupted. On the basis of these citations, compared with the epitomes, von Gutschmid and Boissevain independently attempted to determine the points of division between the lost books of Dio, and reached essentially the same results. Yet in several places the evidence is insufficient to constitute more than a reasonable probability.

The lexicon of Suidas, the *Etymologicum Magnum*, and a few other compilations of like character are also useful in affording occasional citations from Dio, often by book-number.

(2) Zonaras was private secretary to the emperor Alexis I. Comnenus in the early part of the twelfth century; later he retired to a monastery on Mt. Athos and devoted himself to literary labours. Among various works which he left is his *Ἐπιτομὴ Ἱστοριῶν*, a history of the world, in eighteen books, extending from the creation down to the death of Alexis in 1118. It has been satisfactorily shown that for Books VII-IX, in which Roman history is carried down from the landing of Aeneas to 146 B.C., his chief source was Dio, supplemented by Plutarch and a couple of quotations from Herodotus. We are justified, therefore, in recognizing as an epitome of Dio whatever remains after the exclusion of portions that are derivable from the other two sources. After narrating the destruction of Corinth Zonaras laments that he could find no ancient authorities for the remainder of the republican period; hence it is inferred that Books XXII-XXXV had even then been lost from all the Mss. He resumes his narration with the time of Sulla, and after relying on various lives of Plutarch for a time, finally follows Dio's account once more, beginning with Book XLIV, 3; but for the period subsequent to Domitian's death he used Dio only indirectly, through the epitome of Xiphilinus. Zonaras is therefore of great importance for Books I-XXI, and to a lesser degree for Books XLIV-LXVII, where he occasionally supplements our Mss. of Dio or the epitome of Xiphilinus. There are numerous Mss. of Zonaras, five of which are cited by Boissevain; but for the present edition it has seemed sufficient merely to indicate such readings as have the support of no Ms.

For Books LXI-LXXX our chief authority is Xiphilinus, a monk of Constantinople, who made an abridgement of Books XXXVI-LXXX at the request of the emperor Michael VII. Ducas (1071-1078). Even in his time Books LXX and LXXI (Boissevain's division), containing the reign of Antoninus Pius and the first part of that of Marcus Aurelius, had already perished. He divided his epitome into sections each containing the life of one emperor, and thus is of no authority as regards Dio's divisions; furthermore his task was very carelessly performed. The epitome is found in at least sixteen Mss.; but all the rest are derived from one or the other of two fifteenth century Mss., Vaticanus 145 and Coislinianus 320. Besides these two (abbreviated V and C), we have readings from an unknown Xiphilinus Ms. entered in L' of Dio to fill various gaps; but the scribe of L' dealt very freely with such passages.

Ioannes Tzetzes (twelfth century) in his farrago of historical and

mythological stories now entitled *Chiliads*, from the arbitrary division of the work into sections of one thousand verses each, occasionally cites Dio among his various authorities. But he dealt very freely with his material, and it is often difficult to determine exactly how much of Dio underlies his version. The present text omits a few passages printed with some hesitation by Boissevain. Tzetzes also cites Dio a few times in his commentary on Lycophron's *Alexandra*. Other writers who are similarly of use in supplementing the epitomes are Eustathius, archbishop of Thessalonica in the twelfth century, famous for his commentary on Homer; Ioannes Antiochenus, a historian of the seventh century; Ioannes Damascenus, an ecclesiastical writer of the eighth century; Ioannes Laurentius Lydus, of the sixth century, who wrote of the Magistrates of the Roman Republic, and Cedrenus, a historian of the eleventh century.

The present text and division into books are based on Boissevain's edition, which has been courteously placed at the disposal of the Editors by Messrs. Weidmann of Berlin. The departure from his readings are relatively few, but are not always indicated in the critical notes, as it has seemed simpler to take the Ms. reading as the standard, and merely cite such emendations as are adopted in the text. For convenience of reference the traditional divisions of Books LXI-LXXX are given in the margin; and it is by these numbers that passages are cited.

The translation is based on that of H. B. Foster (Troy, N.Y., 1905-06), the first to appear in English. At the outset it was hoped that his translation would require few changes to bring it into conformity with the Greek text here adopted; but this hope was promptly disappointed, as soon as the task of careful comparison with the original was fairly under way, by the discovery of many errors of a more or less serious nature, as well as of frequent infelicities in the English. So far as has proved possible, his words have been retained; yet the changes found to be either necessary or desirable are so numerous that the editors have decided in favour of the present wording of the title page.

Manuscripts

(a) There are eleven Mss. containing the larger part of Books XXXVI-LX. The two of greatest importance are: —

Laurentianus (or Mediceus) 70, 8 (L), eleventh century, containing XXXVI,18,1-L,6,2.

Marcianus (or Venetus) 395 (M), eleventh century, containing XLIV,35,4-LX,28,3; but numerous leaves and even whole quaternions have been lost.

Of importance for parts of the text where these Mss. fail are also: —

Vaticanus Graecus 144 (V), fifteenth century, containing XXXVI-LIV.

Parisinus 1689 (P), fifteenth century, containing XXXVI-LX. Used by Stephanus in his edition of 1548.

Laurentianus (or Mediceus) 70, 10 (L'), fifteenth century, containing XLII-LX.

It has been conclusively shown by Boissevain that V is a copy of L, made, however, while L was in a completer state than at present; that L' is in the main a copy of M, but with additions from L; and that P is derived from L for the earlier books and from L' for the later. The other six Mss., not here specified, are derivatives of P (in one case of P and M) or of V. It is clear, therefore, that only L and M are of value except where passages now lost in one or both appear in the derived Mss. Thus V and P are our only Mss. for XXXVI,1-17; V takes the place of L for the greater part of L-LIV; and similarly L' serves instead of M for LII,5,2-20,4; LX,17,7-20,2, and LX,22,2-26,2, being the sole Ms. to give the last two passages. Unfortunately M has several extensive gaps in books LV-LX which cannot be filled out from the later Mss.

(b) The oldest Dio Ms. is now reduced to a few leaves on which are contained LXXVIII,2,2-LXXIX,8,3. This Ms. is:

Vaticanus Graecus 1288 (V', vellum Ms. of fifth or seventh century, in uncial characters. It teems with errors, many of which, however, were corrected by a second hand, apparently with the aid of another Ms. V' belonged to Orsini, who published the contents in 1582 (*Excerpta Valesiana*, pp416-47).

(c) The Paris fragments.

These are found on five parchment leaves which have been used in patching up a Strabo Ms (Parisinus 1397A). They evidently belonged to a Ms. of Dio written about the eleventh century, and describe events of the years 207-200 B.C. (Frgs. 57, 53-60, 63-71, 76, 81, 83-86; 58, 1-6). Haase first published them in the *Rheinisches Museum* for 1839, pp445-76.
